Reclaim | Central Asia

Ali & Kaylee, serving in Central Asia.

This is Ali & Kaylee. They had their first baby, a little girl, just last week and have been serving in Central Asia having met and dated there when Kaylee first started as a short-termer from California.

We got to know Kaylee during the mid-year conference in Spain and had a blast getting to know her and talking about being a new mom. Ali works at a local church while Kaylee is full-time staff with Cru. She shares her faith on campus and serves on a mixed campus team of Americans and local Central Asian believers. Kaylee shares, "Beyond Jesus' call to make disciples of all nations, we feel called to serve here to help reclaim the land for Jesus. The first followers of Jesus were here in this land, but they have forgotten that, and now God is reminding them."

Please pray for Ali, Kaylee & their baby girl - for their summer to be restful and for Kaylee to be able to schedule a much needed sabbatical in the near future.

Enjoying the hot springs all to ourselves.

Clark & Steamboat Springs | Colorado

After attending our long cross-cultural training in Colorado, we had the sweet opportunity to unwind and just spend time with Nich's family as well as time just the 5 of us. It was so refreshing to boat/paddle board/swim in the lake, run through sprinklers (naked!), hang out in the local hot springs and count our blessings of being able to do such American things because we couldn't in years past in East Asia.

The time at our training definitely stoked the flame and desire for us to go back overseas. Even as we long for that, we see how God is teaching us to embrace where we are and find new joys in each day of life we are given. **Would love prayers as we head to meet a bunch of our international staff under our care in Chicago at STINT briefing August 12-17!**

Thank you for continuing on this journey with us,

NICH & Tricia
