the Middle East

## a BEEBEE FAMILY & MINISTRY UPDATE // NOVEMBER 2018

Because we work with staff living & serving in closed & secure locations, please DO NOT POST, FORWARD OR SHARE this information. Thank you : )

### Oasis | the Middle East

This is Dan and Alicia. They live with their 4 sweet kiddos in the Middle East, and serve alongside a team of 12 others introducing students to the life, love & ministry of Jesus the Messiah. Tricia and I (Nich) had the chance to meet Dan and Alicia last winter while we coached their whole team at the mid-year conference in Málaga, Spain.

Dan & Alicia, serving in the Middle East

This past week I had the privilege to see this team in each of their homes for a fall coaching visit. It was fun to come bearing gifts from the states, eat falafel, kebab and shawarma till my tummy ached, and join them on the university campus meeting different students. One afternoon I joined Michael, who I stayed with, to visit their main campus. We met Tai, a sophomore studying business, who we talked with about Jesus, his humanity & divinity and desire to see all people experience a life free of shame. Already this school year, this team has seen 4 students indicate a belief in Jesus the Messiah. It was an honor to enter into the lives of these amazing staff, learning so much about this beautiful country and the people who call this land home.

*Please pray for Dan and Alicia as they continue to navigate living & serving as a family in a culture that is not their own. Pray for this team as they lean on one another for community and connectedness while trusting God for the fruit of this amazing harvest.*

Kelly, Annie, Holly, Nich & Dylan at a view of the Holy Land.

Michael sharing about the life & love of Jesus.

Oasis Team: Mike, Michael, Zach, Dylan, Scott, Melanie, Megan, Callee, Brandie, Holly & Annie (Dan & Alicia, and Natalie not pictured).

### Orange County | California

While I was in the Middle East navigating a different timezone, Tricia kept the kiddos on schedule and got them ready for Halloween and all its wonder. Thankfully Tricia's sister, Justine, came out for six days to help out and they were able to spend some great sisterly time together. It was also a blessing to have the extra help, because Tricia got food poisoning the day before Halloween. The kiddos were troopers, but happy to see dad come home.

Halloween face painting.

*We would love prayers as Tricia is still feeling fatigued and experiencing migraines from being sick! Pray for restful nights and a complete recovery.*

Thank you for continuing on this (exciting, sometimes exhausting, but completely worth it) journey with us!

Much love in Christ, *NICH & Tricia*
