Further investments into the church to meet the needs of the household of God. Our brothers and sisters in Laciennie have been stewarding a goat farm for many years now. Hundreds goats have been given out to the community and also to sister churches within the network so they can start a farm. Storms have ravaged the metal roof of the goat house and set back farm operations. Two months ago, THM partners invested into fixing the goat house and buying additional goats that died in the storms.

Those pictured below, holding a goat and a signed agreement promising to steward the goat well are part of the body. We will spend eternity with them bragging about how great the Father of Lights is.

A goat is literally at least years salary for most of the brothers and sisters pictured.

THANK YOU!

James 2: 15-16 Suppose a brother or a sister is without clothes and daily food. If one of you says to them, "Go in peace; keep warm and well fed," but does nothing about their physical needs, what good is it?

Teaching seminary students

We had our very first Zoom teaching session at the seminary this month. Dr. Dave Hook taught the freshman class all week on the principals of Evangelism. Dave heads a ministry that teaches Evangelism around the world. If you would like to see a snippet of the teaching, you can go to our Facebook page and check it out.

The teaching was wonderful and the students enjoyed the new format and engaged Dave with many questions all week. Starlink is our communication tool, and it is lightning fast. The team of translators did a tremendous job and I had the privilege of facilitating the Q&A times all week.

At the end of each session the students practiced the biblically based principles taught and at the very end, went out into the village evangelizing. The students reported back multiple conversions, praise God.

These students will now go back to their churches and teach others what they learned. The process of making disciples continues on.

Do you know a teacher?

In my conversations with the board members of the seminary, I hear over and over how important it is to the school and students to have 20% of the teachers outside of Haiti teach the students. Those teachers provide a broader context and a sense of connection to the church at large. Many subjects are available to be taught: Synoptic Gospels, Biblical Geography, Church History to name a few. See our website for a full list of classes. **English as a second language is the most pressing need.** All conducted via Zoom.
