## Ministry

Jan - March 2022

Pastor Wiljean traveled to Florida for some much needed time off, a visit with my neurosurgeon and discuss the vision for 2022 and beyond.

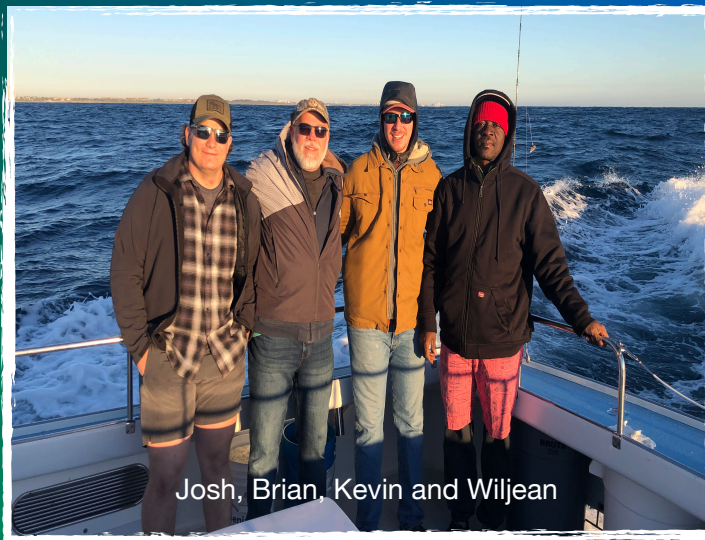

Spine surgeon - Wiljean has back problems like I do. His MRI reveled the area and a plan is in place from him to come back to the states for his treatment. Praise God!

Fishing - Wiljean remembers having been on a tiny boat once in his life but certainly not one like this and never deep-sea fishing. What a hoot! It was cold, very windy on shore and finally on the open water it calmed down. We all had a blast! After giving Wiljean lessons on fishing he was on his own. I remember hearing the first-mate telling him multiple times "I think you have a fish on your line, buddy". He did indeed. One of his fish was swallowed by a shark and a larger battle ensued. What a blast to see that! WE had a great time together with dear friends and family.

Vision 2022 - The pandemic has certainly

caused so much disruption to the things we think OUGHT to be but we know God's OUGHTNESS (new word) is supreme. Praying now 2023 will hold many teams joining us again. Preparations are underway for mission-team partnerships to travel to Haiti with me.

Infrastructure needs at the seminary, budgets and business plans for sustaining ministry are ready as the seminary trains and releases pastors and leaders in Haiti to preach and show truth and grace..

# Student life at the seminary

The students have elected their president to represent them to the board of directors at the seminary. Joseph Decline won hands down in this years election. Joseph's responsibilities are to ensure that living conditions are clean and supplied in the dorm and cafeteria, the yard is maintained and student activities are available, soccer (football) is king!

The students have expressed a concern about the lack of space in the dorm rooms. So many beds crammed into three rooms leaves very little room to walk and for personal items. Wiljean and I discussed this issue among many other infrastructure needs during his Florida visit. THM will be sharing with you a prioritized plan for needed buildings soon.

Thank you for all your support and prayers. We can't do this without YOU!
