Breathing in the fragrance of God at work

As the goat herd in Laciennne multiplies the time has now come to add an additional source of food that grows as rapidly as the herd. Banana and moringa trees, both supply high value nutrition. As in Haiti, everything is simple, but nothing is easy. That is true in this case as well. All you need to do is plant trees and harvest the food, right?. However, those same four legged blessing (goats) are also a pain in the neck. They jump over, climb under, chew through most any natural barricade and they don't understand the concept of letting the trees grow tall then

harvest from the top, they eat ANYTHING they can WHENEVER they want.

The June team will help the Haitian church leaders install a metal fence around the additional banana and moringa tree garden.

The leaders get another opportunity to steward; resources, relationships and gifts in order to bring glory to God and His church! The missionaries... we get the joy of giving and to join them in God's work of restoration! Oh... and the joy of digging fence-post holes too...

Pray for our June team as the face of restoration takes on other forms

Providing medical care for the village

Painting the worship center in Magauyave

Assisting in a VBS for over 250 kids

Buying more goats for the farm

JEREMIAH 29:11

It has been a beautiful week celebrating Zac; recognizing all he has done and the man he is becoming. My parents arrived from Phoenix just in the nick-of-time to see Zac “walk”, then the big graduation party with friends and neighbors, and celebrations for his friends. It was a whirl-wind few days of celebrating, just like the past four years.

When Zac entered high school he had dreams of playing on the basketball team and everyone who knew him were certain he would make the cut. It was devastating when we learned he didn't; we were crushed, really! But, God had a different plan for Zac... *Aquatics- swim and water polo*, and what an outstanding career he has had as a high school aquatic athlete. Zac completed his athletic career with two MVP awards, the Coaches award, two Offensive Player awards and as a freshman Rookie-of-the-year; he was awarded two first-team-all conference awards in a very tough division, and a visit to

compete at States! He was the team captain for both water polo and swimming, and maintained a 3.5 GPA senior year. For Kathy and I, well we just look back and marvel at God in His wisdom to develop Zac athletically in an area we had no idea Zac would do well. Today, with two academic/athletic scholarship offers in two different sports Zac signed with King University (Tennessee) to compete as a collegiate sprinter. We will miss water polo, but we are delighted that Zac will continue his career as a student athlete and we watch patiently where God will take Zac just as He did when he started high school. Oh, the joy. We love you Jesus! Thank you for taking care of Your/our boy!

This summer, Zac will swap his flip-flops for a parka and make the move to Tennessee in August ... GO TORNADOS!

We are \$5,000 shy of fully funding Zac's first year - walking by faith...

Thank you for all your support and prayers. We can't do this without YOU!
