Ministry

For whatever was written in former days was written for our instruction, that through endurance and through the encouragement of the Scriptures we might have hope. Romans 15:4

My dear friend Pastor Oclane has been encouraging the people of Laciennne, Haiti through the scriptures for generations. His endurance in fighting the good fight has led hundreds if not thousands of people to hope in Christ. He led Pastor Wiljean to Christ many years ago and God has used Wiljean in mighty ways ever since.

This past year, however, Pastor Oclane's health has been deteriorating. Finding it hard to breathe, just a bit of gardening has become burdensome. He is receiving medical care however his condition is not improving.

Recently I had the honor of being a guest in his home. As we visited I took notice that the walls of his house were leaning to one side. The longer I was there the more I noticed the walls sloped. We

chatted about the construction and I learned that the walls are just sticks with a coating of stucco over them. Like most Haiti homes there is no steel support, no 2x4's, just sticks. His home is slowly

falling and the leaky roof surely does not help this situation. This is a huge burden on his heart he told me, wondering where his family will live WHEN the walls collapse?...

IF you are interested to join our family as we send a love offering of financial support to rebuild this home, please make a note in your check memo.

Pastor Wiljean will ensure the home is rebuilt and the gift (5k) is anonymous. THM is focusing on economic development to equip Haitians to provide for items like home construction, however, in this special case time is too short. Thank you for helping.
