

Thousand Hills Ministry

Sept 2015

If you pour yourself out for the hungry and satisfy the desire of the afflicted, then shall your light rise in the darkness and your gloom be as the noonday.
Isaiah
58:10

New church plant in Limbe

The first church plant supported by the Magauyave goat farm

A celebration and praise all rolled up into one big HALLELUJAH! A new church has been planted in Limbe, Haiti; Yay, God! Magauyave goat farm stewards 25 goats to support the pastor and the church for the first year. A community in Limbe IS hearing the Gospel today and YOU played a role in making this happen! Thank you!

God is in control of all things and He graciously chooses to use us as part of His plan to glorify His son. He does not ask us to bring about the entire plan, just the piece He equipped us to do.

YOU played a part in planting this church in Limbe.

YOU played a role in the new converts that will be added to the book of life over the years this new church plant will be ministering in Limbe.

YOU played a role in the joy the Magauyave shepherds had in sending off 25 goats to support a pastor.

YOU played a role in strengthening a pastor on the front lines preaching and teaching Christ. The pressure of supporting his family with no income while planting a new church has been eliminated.

YOU played a role in launching the Magauyave goat farm and the numerous new church plants that will draw it's first years support from the herd. How many new converts will be added because YOU played your part well in providing of all things "just a simple goat."

Our God takes all the little pieces and weaves a beautiful tapestry.

Thank YOU for partnering with us as we do the part God called us to.

Bridging the gap

I am very encouraged to see the hand of God moving in the lives of our friends in Haiti. People in the villages of Laciennne, Magauyave, Caracol, and Limbe are transforming in ways that align with scripture. Christ preached and demonstrated.

- Churches have been planted and built in three villages - God knows the numbers added
- Leaders are demonstrating Godly qualities - developing disciples - stewarding the resources God has provided
- Families are being equipped and supplied with agricultural centric tools to support themselves - combating the pangs of poverty - changing minds and hearts - pointing to Christ
- College students are rebuilding the poultry industry in their villages in Northern Haiti - leading others students to the merits and joy of Christ centered capitalism
- Six teams are making preparations to join THM next year to continue the good works God has planned and to deepen the partnership of Hope with the Haitian church

Critical point

- Financial health is not an exclusive indicator of God's favor as evidenced by what I outlined above. He often brings his people right up to critical points - now is that critical point
- THM's funding levels are critically low. I have a part-time to help support my family, but my first priority is THM
- Trip fees provide a source of support and next year looks very promising (six teams) - *the remaining part of this year however needs to be bridged* - can you help bridge the gap

My faith and trust in God has deepened over the years on this journey. I believe, and more than ever that my small role in his story is to steadfastly remain championing THM and calling others to help strengthen the church in Haiti and the US.

Thank you for all your support and prayers. We can't do this without YOU!
