

There are many new partners this new year. Here is a recap of who THM is and what we do.

Through your partnership THM is bringing skills, experience and resources to the church in Central and Northern Haiti. Resources that encourage entrepreneurship, growing businesses, and mentoring church leaders in creating jobs; jobs that support families and the church, breaking the cycle of poverty. Resources including medical and dental care, leadership development and work projects all underlined by God's love. We are each one an agent of change here in the US and in Haiti. God works through relationships (1 Corinthians 12:14-27). Together, through mutual respect, interdependence, reciprocity and humility we are partners and we share a commitment to elevate, to affirm, to bless, and to acknowledge the strengths of these Haiti leaders and future world changers. This kind of commitment takes time; change in the developing country moves in stages. THM must maintain self-control to listen first rather than act first. This approach is countercultural for short term missions teams. To say THM is different is true. THM is an agent of change. Thank you for your part in short term missions that last, for giving yourself for God's glory and purpose! Together, investing in things that last; God's word and His people.

UPDATE: Junior and Orales ~ each living for Christ changing their

Agents of Transformation

world. Thank you THM partners for investing in these young men!

Junior~ in addition to chicken farming he is also broadcasting the message of Christ on Haitian radio! He talks about chicken coops, farming and business management all centered on honoring Christ. Junior is an agent of transformation, not only in his village, but now all of Northern Haiti, too! **Orales** is an elder in the church and the chief goat shepherd in

Magauyave. He is currently attending veterinarian school in Pignon, Haiti. Gaining skills and knowledge he will be teaching families how to care for their goat which they received from the churches goat herd.

God is using you to support His agents of change, for His kingdom, His glory!

Jules is one of the goat farm shepherds (Orange shirt). He is the face of a disciple in-the-trenches. He is an agent of change demonstrating that God is action and vision. Jules is providing the good news of the gospel to the poor among him. THM is supporting Jules and seven other shepherds just like him. Working to develop and steward God's resources, to nurture and sustain creation, a sign that gives hope in the freedom from poverty. Jules is just one of many changing Haiti for Christ. We hope you are encouraged and see God moving in the region. Please, share God's Haiti story of change through serving farmers and disciple making with your friends and family. *Thank you!*

Pray: We covet your prayers for THM and for the ministry on the ground in Haiti. Pray God be honored in each life, in word and deed; and God receive glory from our finite and feeble action to love and serve as Jesus does.

Give: The outside help and support from the US is transforming this area in Haiti. Please, consider how you can give to the ministries in Laciennne, Magauyave, Cap Haitien, Limbe, and Charcoal, Quanamithe through THM.

Go: Are you a health care provider, business owner, have leadership skills to share? Please, join us in Haiti equipping the church to love on those among her. *With affection, Brian & Kathy*

Thank you for all your support and prayers. We can't do this without YOU!
