Some of our San Antonio Students. Many who are going on mission this summer!

A Wave of Students to the World!

Changing the world is our dream. Working locally with students we are always looking toward the future when the students will catch a vision for reaching the world for Christ. This summer Destino San Antonio is sending eleven students to the world. Eight are going overseas specifically reaching out to Muslims and Three are on a mission right here in the states. It is amazing. This is the most students we've sent from San Antonio! God is at work in our students and giving them a heart to reach the lost. Thanks for helping send them to the world!

Following Christ and leading others to Him is how we want our students to live. This summer our assignment is working on a project for the national ministry in which we help students all over the US live those things out. So we are home in San Antonio and experiencing what life is like in constant 100+ degree days! (An interesting piece of trivia. This is the first time in 14 years that we've been in our own home over the summer. Crazy!)

We are also leading a group for students who stayed in San Antonio. It has been fun to meet with these students and study Scripture together in a smaller setting. Pray that these students would grow in faith.

Prayer:

Please pray for Geno, Evan, Logan, Kendall, Gladys, Hugo, Christopher, and Gabriela as they head overseas. They leave on the 5th. Pray for Tim, Janelle, and Kayla who are already on their summer mission.

Some cool quotes:

I want to go and be able to share the Gospel to people so they can be given the chance to be saved and feel God's love like I have.

-Logan (who came to Christ this past year!)

God really spoke to me about laying aside my rights to what I want to do with my life, or what I had planned and to really take a step of faith and follow him in what he has in store for this summer.

-Evan

This trip will be a step of faith on my part and a sign of surrendering myself to the will of God—to go where he wants me to go and do what he wants me to do.

-Gladys
