CRU MISSIONARIES AT BUFFALO | FEBRUARY 2012

Students representing 68 different New York and New England college campuses made their way to Albany at the beginning of January for the Epicenter Experience. "We all have 'epicenter' moments in our lives--those defining moments that change everything," Bret Ogburn, National Director of Campus Field Ministry, told hundreds of students and staff gathered in Albany for the first night of the conference. "But the greatest singular important moment in human history--the 'epicenter' above all--was the birth, death, and resurrection of Jesus Christ." The tone for the four-day conference was set as Bret went on to clearly present the gospel and challenge students to consider what other than Christ they might be keeping at the center of their lives.

Our Buffalo Cru at Epicenter

For this new semester we were "super creative" to get Buffalo cru's name out on campus. We made fliers! And handed out over 2500 of them in the Student union to let students know when and where we are meeting. In our last 3 meetings we have seen the fliers result in bringing 3-5 new students to every meeting. With baby #3 coming any day we have been busy meeting up with these new students. It has also been fun for Jenn and me to get to know them better and for many we have had the opportunity to share the Gospel. Please pray God continues to bring more students so that He might be more glorified on the UB campus.

The conference was a huge success for our students as they received great teaching from the Word, a chance to learn how to share their faith stories and then go out into Albany and share them. John, a sophomore from Buffalo State, led a guy to Christ at the mall during the day of outreach!

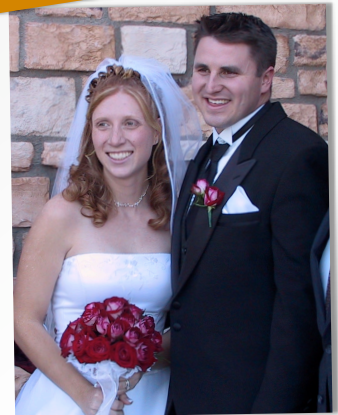

Last year we had 1 student go to this conference from the Buffalo area; this year we had 10! It's not about how many students go but what God did in their hearts while they were there. I wish you could have heard them share in our last campus time together about how they want to put Jesus in the center of their lives and let as many others back at campus know about Jesus.
