Destino Los Angeles

March 31, 2011

"God started getting my attention in the summer, then I got to school and found out about Destino. I don't really know anything about the Bible, but I want to learn."

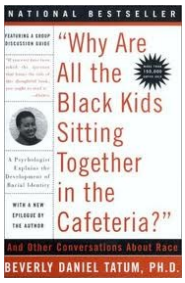

Janet is a Cal State Fullerton student I met and told you about last September. Our first meeting was the first time she had really heard the gospel explained clearly. Since then, God has used her to help make Destino a recognized club on campus and a growing part of the Latino student community. During one conversation we had during the fall, I explained the Holy Spirit as God's presence dwelling in us, helping us desire, understand, and connect with Him. Janet said, "That's totally what I've been experiencing!" It was such a great confirmation to us both of her genuine faith. God is continuing to do some tremendous things in her life. This semester she has been studying her Bible , learning to pray, and meeting weekly to talk about some of the basics of the faith with our teammate, Caitlyn. I know it has been a joy for both of them, and I am reminded of the words of Paul to the Philippians: *"And I am sure of this, that he who began a good work in you will bring it to completion at the day of Jesus Christ."*

Please continue to pray for Janet as God continues to transform her life. Pray that she will be a minister of reconciliation to her friends and family and that God will bring many others like her to Destino at Cal State Fullerton. Thank you for partnering with us to make it possible to be reach students like Janet!

Continued Learning...

We both enjoy reading to challenge our minds and spirits as we grow in ministry and our relationship with Christ. In light of that, we thought we would share a snippet of what we are currently studying. Feel free to read along with us!

Trina: Inspired by the constant challenge of doing cross-cultural ministry, I've been reading this book on racial and ethnic identity in the US. I'm beginning to grasp some of the injustices and tensions that many minorities in our country feel. I am praying God will teach me how to fight for justice and redemption in the ways we relate to one another.

Paul: I'm learning what Jesus really meant when he said take up your cross and follow me. I will find life when I embrace the many small deaths of "dying to myself". It is in these deaths we find the abundant life Jesus talked about.

More ways to pray:

- Leadership Retreat April 8-9. Pray for students to commit to lead next year and that they would get the training they need during this time
- Possible New Role—Trina has been asked to consider using her skills in finance again to help the Destino National team and possibly the PSW Region. Pray for wisdom in figuring out the best option.
- We are still working on getting back to 100% of our financial support needs. God has been providing new contacts and partners. Pray we will continue to find His provision and reach our goal.
