### The Deputation

Mabuhay! Welcome! Maligayan Pasko, Merry Christmas in the national tongue here in the Philippines. "So truly thankful to the Lord God for his sustaining grace throughout this deputation process. We must say now that we have finally finished the journey of this part of ministry .God has shown us many things on the road in these past two years. Let me give you a special thanks for your faithfulness in prayer for the Maddens .Preparations for the field has been a joy for us .I'm grateful for how the Lord has used me these past months in the ministry of evangelism and bible studies with our sending church while our Pastor is over seas concentrating on global missions during his Sabbatical. It has been a blessing, our family being commissioned was very humbling and we are privileged to have such a mission minded church to aid us in this endeavor for Christ in Mindanao. I thank God that my family was there to witness this special time with us .some one said "If you want to make God laugh tell him your plans"

### The Departure

Well we are all packed up and finish all the necessary documents to head for California ,Our last spot to present the need at the same time my family and I to see the different parts of the state .During our time there was a blessing indeed .One of the highlights of the trip was to visit Chick Publications ,some of the literature we use in Mindanao "this was your life" in the Cebuano, what a blessing to have it my wife's language and I get a chance to learn from these tracts. Way of the master is another organization that we use for biblical evangelism and we had a chance to see some of the staff there as well and bring some of the materials that we are going to use here .We had visited two Filipino churches and one Korean church during our time there .We Praise the Lord that one out of the three decided to take us on for support immediately. Arrival in the Philippines was smooth we flew into Manila and spent some time with family,let me tell you we will not miss Manila, that is a real crowded city and the pollution is bad .It is so over popualated .the biggest thing in there is the traffic and you don't want to be stuck in that at four oclock in the afternoon , my wife and child were just a bit under the weather but we are managing to get through it with a slight case of tonsilitis, she is taking an antibiotic for it and it's healing praise God .There is so many opportunities to proclaim Christ as as well as to see the missionaries we support .We have had an opportunity to see different ministries and take these ideas to Mindanao. The weather is a little cooler which means about 60 at night and during the day 85 with a mild high humidity because of the December months but mind you no snow here just ice that is in the Ref only. This is just part of the territory but a good thing is ,if you want to lose weight quick this is one of the perfect places .
