

THE MADDEN FAMILY TO MINDANAO

Local pulpit ministry challenge!

Partners in the Faith!

Maddens Ministry continues here in the Island of Mindanao and like we always say without "Rope holders it wouldn't be possible to continue this work for the Lord's Kingdom. Moving right along in these past months has been good with our High school ministry "Kicking off" with over 4 classrooms taught with moral values concerning "sexual Purity." Training is what I love to do. Our Military outreach continues to expand now with over 60 soldiers twice

a week and our Topic of discussion is based on the sanctity of the family so we are calling our series B2B would you believe it meaning "backtoBalay" Balay means house in the Ce-

buano dialect like back to basics as per military term so we just reworded it a little amen. Below are fellow servants in the

Lord who assist me in this great opportunity. What a privilege to join in the ministry of baptizing a few converts of a local Baptist parnter-shipping church who the Pastor is a student as well and at the same time I'm his instructor. I guess as an Evangelist you learn the "Jack of all trades." Sem break is here and my classes are finally done teaching "Pauline Epistles" to my students. I have to say thank the Lord that was a challenging one to finish it in 3 months but we did it.

Preaching on the firing line, Bring "em" in

TRAINING YOUNG MEN FROM BIBLE SCHOOL TO USE THEIR VOCALS AND PLOW RIGHT THROUGH THE SOIL. AMEN.

Jack chick tracts everywhere in Mindanao !

Joshua Del Rosario is a potential Evangelist in Training, Joshua got saved in 2009 and joined our young Believers club and graduated high school and decided to work with me full time as a student of the book and learning how to become and Evangelist. Please pray for his continual growth and commitment to the Lord. The Picture Represents him giving his Testimony the students that he once was in the same school. AMEN.

The beloved Charlie's Angels

Salina Charity now at four months and Booy! She has an appetite for destruction. Ianna Hope is now learning Cebuano tongue. Of Course Abiela our eldest Growing for Jesus and a BIG help to her sisters Amen.

To have our own piece of land and property so we don't have to throw away rent money. At the same time grow vegetables and fruits to sell it and help us with daily needs.

A down payment for a vehicle for the family and ministry current down is 2500.00. It runs differently here. What you would pay for a car In the U.S. it is double here brand new and 2nd hand here is not good.

Pray for the health of family as well. Its been very HOT! Now and rain which makes everyone sick.

“To open their eyes, and to turn them from darkness to light...
