### THE CONTINUANCE

We personally thank God for you, and let me say that you are the ones holding the ropes for us as we go & serve the king of kings and lord of lords. The deputation trail is somewhat coming to a close.

As per last letter, our raised goal has been at seventy percentile; we currently have now obtained a ninety percentile in 3 months. Praise the lord. We have been on deputation now for almost twenty-four months and visited over one hundred and thirty churches. Out of these churches we do have a number of them committing to the ministry in Mindanao. As we prepare in sending our materials – such as clothing, books, electronics (hand me downs) you know how that works; amen? – we have been using an overseas international shipping freight company that allows you to send as much as you want and unlimited weight in the box that they give you for a fraction of the cost, so this saves us a lot of money.

We had left our home base in Bayonne, New Jersey, in the month of July and are currently in the midst of Ohio and speaking in different churches from east to west and north to south, pretty much hitting different counties and cities and getting a chance to see a whole lot, even visiting Fellowship Tract League, who supplies our tracts in the Cebuano language. It sure has been a sight to see. You know a person like me is not used to the corn fields being taller than me, and black and white animals rolling around together in packs and just staring at me like they're waiting for me to do something. Oh yes, let's not forget the great fertilizer compound smell to make everything grow. I guess I need to click my shoes and say there's no place like home. Well, we have been blessed and been enjoying what the lord has been providing. We have stayed in beautiful mission homes and have been eating good meals. The abundance of the lord! Amen! Abiela is now four years old and I turned thirty-three. Just another chance for me to serve the lord and see my daughter's life go right by me. Amazing how she acts like she is a teenager (scary when they think they know it all). She is a great heritage from the lord. We have had many opportunities to witness our faith on the road and street preach with evangelists and other missionaries. I have especially enjoyed the door knocking sessions and seeing how each different church puts forth the effort to do it.

As we gather now to get back to home base with our local church towards the end of this month, we will be planning to aid some of the Filipino churches that we know have not had pastors to be a blessing to them in preaching and teaching, and at the same time planning and preparing for our expected departure to return to Mindanao. We have a lot of paperwork to do with my wife in regards to immigration and as well to obtain my permanent residence status. We are very excited to return and do the work for his glory. We covet your prayers for the island of Mindanao in its continuing struggle in battle between the Moro Islamic groups and their hostility to try to change the island to an independent state of Islam. Some missionaries had to evacuate because of the chaos that is taking place in some parts of the region. I pray that we can still have a chance to aid the works in the northern parts of Mindanao and have the nationals go south and other parts of the world to train others. 2Ti 2:2, "And the things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also."
