Acts 26:18  
*To open their eyes, and to turn them from darkness to light, and from the power of Satan unto God, that they may receive forgiveness of sins, and inheritance among them, which are sanctified by faith, that is in me.*

-Jesus Christ

DEAR PRAYER PARTNERS & SUPPORTERS

*Romans 1:16 KJB "For I am not ashamed of the gospel of Christ for it is the Power of God unto salvation to everyone that believeth to the Jew first and also to the Greek,"*

What a blessing to have you partners with us in prayer & your giving to the ministry of the Madden family here in Cagayan de oro city, Mindanao, Philippines, for the glory of God and his work .We love you all in the gospel and are very thankful to God for you taking the time to invest in us as Missionaries, sometimes being in a different setting and realizing you're not home anymore. We have an expression back home right? That a dog is a man's best friend, but I would like to rearrange it to fit the Philippines. It is a fan is a man's best friend LOL. You believe it – we are coming to last days of our summer days as always it's Hotx3. These months have been learning lessons for us and yet great opportunities to serve him. Well, what's been happening with us? Let's go to the month of as review.

**April –May Our Wedding anniversary:** Seven years of our commitment to each other number seven, Completion! Is it over already? No sir; it gets better, amen. Thank the Lord for his Goodness to us. **Buying of our vehicle** – always double priced here in the Philippines, which was a shocker but we have been in need for one. Somewhat of a mistake not knowing what we were going to get into. Unfortunately here come all the problems one after another. It was a fourth user so that explains it. We are trying to sell it again even though we are in the loss. We have made fix-ups and hope that it could be bought or just use it till it gives up the Ghost. **Traveling to the southern parts of Mindanao** – Praise the Lord in attending a family camp at Central Baptist church in Tacunan, Davao. I had the opportunity to be the guest preacher for three nights and have a part in the church family there and visit some of the mountain works to really appreciate what we have here in the city. You know a missionary once said in his travels the city makes you soft. How true that is because there is everything for you here. We desire future works and developments in the Mountains. Our usual Ministry outreaches on Tuesday and Thursday were to preach, teach the bible with our banners and scripture signs. We have a chance to meet a lot of people our schedule is usually five to six hours, two times a week. Most of the time it is heckler free. Every now and then a JW or a seventh day would come along, piece of cake.

**May – June Bible study group:** for two months now and we have been operating outside of their home (picture below ) not too far from the road. We have been teaching about the new birth for four consecutive meets and it seems that most of the ladies understand and have gotten saved. Please pray for them because these husbands are “too busy” if you know what I mean. We have had the opportunity to **conduct biblical evangelism seminars** as well to local churches in giving them a broader meaning of how to effectively witness our faith. I will start my **teaching schedule** as of this month with the course of doctrine at Mindanao Evangelistic Institute. **Youth camping** with the metro Cagayan Fellowship, I was the first night guest preacher; three young people came to Christ. You never know who is in your youth group right? We can't assume their salvation, brethren. Well it's back to normal here, school days have begun again and the city is busy times three. The Lord has given us an opportunity to use a facility near our house, actually of an evangelical church building, to conduct our nightly bible studies for a fraction of the cost what you would pay back home, Amen!

**Family – Abiela** is now starting her K1 schooling. She will be using A.C.E. program; we are excited as parents to see her excel in this first step of education. She is learning the language by the way & quicker than her daddy. She will turn five on August 12<sup>th</sup>.
