

# PORN NATION

WEDNESDAY  
JAN. 27

PRESENTATION AT  
4 PM & 7 PM  
MONTEZUMA HALL

SPONSORED BY    

## Campus

When you get this, we will be in full swing, back on campus and advertising our January outreach, Porn Nation.

If you missed our last letter mentioning the event, it is an event to bring attention to the hyper-sexualization of our culture and how it affects us.

The main speaker, Michael Leahy walks us through his life story and how sex-addiction essentially ruined his life. Ruined his marriage, his relationship with his sons and his career. He uses a multi-media approach that includes other people's stories as well. In the end, after a short break, when people are thanked for coming and free to leave, he then shares how God got a grip

of his life and turned his life around. He is very matter of fact and he finds that usually about 85% of students stay to hear this part.

In light of what is going on in Tiger Woods' life, the fact that even channels like MTV and VH1 have shows on sex addiction, and to be honest we are doing it at San Diego State for goodness sakes...we are excited for the event.

At a minimum to start a dialogue on campus about this issue, at a maximum to see students' lives transformed.

Please pray for these things:

1. Great advertising...that students connect with the advertising...and decide to come.
2. Great conversations...we will be passing out like 5000 invite cards...wearing T-shirts, having a booth, etc. But, this allows us to connect with people, hear their stories and invite them personally to the event.
3. Great event...no technical difficulties, that people would feel challenged, that people would look at how their lives are affected by this issue and how it affects those around them.
4. Great follow-up. Students will have an opportunity to give feedback and ask for follow-up to have more conversations. Pray we would connect with everyone who wants follow-up within 1 week.

Thanks so much for allowing us to do things like this. We love the job we get to do, helping students at crossroads in their lives.

We look forward to updating you on how it goes in a couple weeks!

## Etc....

**- We have an event in February that is designed to help students take a stand against child trafficking. Christian artist JJ Heller will be playing a concert on campus. More info to come, but you can start praying for the event!**

- **We did in fact get assigned to lead a team of students to Australia this summer. We will be on a campus in Melbourne, AUS. The same campus we have been connected to for the last 8 years or so. More details to follow, but we are excited and already have 12 students applying to come with us!**

*In His grip,  
Kyle, Wendy, Malia, Carter & Avery*
