

MARCH 26, 2009

“I struggled with bulimia in college. Most people don’t realize how prevalent and destructive it is,” a friend recently shared with us over dinner. Hearing people’s concerns for college students, like this friend, makes us eager to be on campus to help meet the needs of those who are hurting.

Thanks for your prayers for our marriage and ministry. God is using 1 Peter 3:1-7 to teach us; for Sam to not seek control but to trust my leadership, while I’m being challenged to consider her needs and lead accordingly. We’ve been studying this at church where we are pursuing membership and have been attending a community group with others in our neighborhood. It’s been fun to start getting connected together!

PLEASE PRAY FOR US!

- Pray for our 'Midwest Spring Tour,' April 15-May 13, as we trust God to provide more committed partners like you to join with us in our ministry.
- Pray that God would connect us with a network of key people in Seattle who we can partner with.
- Pray that we would minister to people in Seattle as we build relationships and seek to serve.
- Pray that we would love and respect each other and continue to enjoy marriage in our fourth month!

Your prayers make a difference.
Thank you for your faithfulness!

Bryon & Sam
