

FEBRUARY 2020

As you may remember, both of us work on the West Green of Ohio U's campus, one of the three Residential Greens at OU. This Winter, Clay's men have seen the Lord do some incredible work through their ministry efforts. Included below are a few of their accounts.

"This semester has been amazing as we regularly have anywhere from 8-10 guys every week! I actually got to meet one guy at 180 and he has come to CG 2 out of the last three weeks. It was been awesome to connect with so many freshmen that God has trusted us with!"

-Mike Reimer

"I helped out with Resources Table for [the Soularium Outreach]\* and saw a good amount of people come in nervous about sharing, and [then they] came back with a lot of excitement after having good conversations with people. As for West Green the Wednesday night Bible study has seen a lot of growth in numbers this semester. We had at least one new guy show up every week for the first five weeks and for the most part everyone has been consistently coming since then. We've also been studying Galatians ...As leaders our focus is now turning from growing community in size to strengthening our community relationally.

There have been five new men show up for Bible study, and it really seems like the [Soularium Outreach] was a part of that."

-Jacob Fraylick

\*The Soularium Outreach was an outreach to the campus that was created and run by our upperclassmen students. They used a tool called "Soularium", which is a series of photographs designed to engage non-believers in a conversation about life, purpose, and spirituality, with the ultimate goal of sharing the gospel.

## PRAISE + PRAYER REQUESTS

- Pray for our students, as they continue to labor faithfully to see their classmates and faculty reached with the gospel. Pray for perseverance.
- Pray for Cru ministries as a whole in East Asia & elsewhere abroad. As the Corona virus contains to spread, ministry there has been affected. Pray for God's protection over staff and students there.
- Pray for us as we continue to work on raising up more Ministry Partners so that we can return to full-time

campus work. We are 80% finished and hope to finish fully by the end of the school year! We are eager to be 100% funded so we can turn our full attention back to campus outreach.

- Praise the Lord for the fruit seen on West Green.
- Praise the Lord for YOU, and others like you, who sacrificially invest in our work here.

Yours in Christ,

*Clay + Emily*
