The mission of Ultimate Training Camp is to **create environments where God changes lives as athletes discover how to live and compete from a Biblical perspective.** It's hard to summarize all that God did in the lives of our students at camp, but here are a few testimonies. Thank you for partnering with us!

### Medard Mikobi — IUPUI Soccer

*"My whole life I've put God and faith behind my soccer career. Through all the workouts and teachings at UTC, God showed me that he is my firm foundation and the center of everything I do. In Christ, I already have the victory that matters most! I will forever be grateful for this opportunity and the life long friendships UTC has given me."*

### Grace Hensley — Butler Lacrosse

*"What a week and what an experience! UTC challenged me to look beyond what my plans are for myself and find my identity in Christ. God has a plan greater than we know. At the end of the day, I am secure in Christ and accepted by him. God, I love the way you pursue me. I can't explain this crazy freedom. No matter what, you won't let go."*

### Dan Riecke — Marian Rugby

*"God revealed himself to me in a real way this past week at UTC. I am forever thankful for what I experienced and the glimpse of heaven it was. I'm excited to take what I learned at camp back to campus and Indianapolis. I pray that God uses me and others in big ways as we long for him and lead others to know him!"*
