

## Teaching Truth

"What are some things that our culture teaches about sexuality?" This opening question at the Butler discipleship group recently led to studying 1 Corinthians 6 and what it teaches about sexual integrity. Jenny prepared well and prayed hard that the Lord would make it a fruitful time of discussion that leads to heart change, and it did!

In today's culture and climate, it's easy to believe the enemy has a stronghold on sexuality and marriage. But we believe our God is greater, and his truth will prevail! Praise God, that time of study and discussion spurred on Jenny's girls to walk in holiness with their sexuality. **Would you pray for those seeds of truth to be watered by the Holy Spirit?**

**Butler Lacrosse Bible study led by two disciples, Julia and Grace**

Even though college students have grown up in a post-modern and “relative truth” society, they yearn for the sure footing of absolute truth only found in God's reliable and trustworthy word. We desire to build bridges of grace with students that will bear the weight of truth. We also want our disciples to live out that approach with teammates and friends. Thank you for partnering with us in prayer and finances so we can bring this grace and truth to future leaders of our society! **Pray for us to remain faithful in that pursuit.**

## Pray for Fall Getaway

Our annual Fall Getaway is coming up on October 22. Our aim is to help student athletes step back from the chaos of life so they can connect with the Lord and like minded people. It's a half-day retreat at a fifty acre campground in Indianapolis. We are trusting God for 50 students at the retreat this year.

Our theme for the retreat is “Victory Beyond Competition” which means living for eternal purposes. Our hope and prayer is the Lord shows our students the adventure of living for God's kingdom.

**Please pray for soft hearts toward that vision.**

**Students at last year's retreat**
