

Wrapping up the spring

This year's leadership team was incredible! We thanked them with a BBQ dinner and time of celebration. Students thanked each other for having hard conversations, speaking the truth in love, and growing in godliness and humility. It was a rich time of fellowship.

We are thankful for these leaders who invest their time in helping us build a movement that will reach every college athlete with the good news of Jesus Christ. The summer is a natural time of transition as some will graduate or transfer. Pray for us to have wisdom as we invite new leaders for the upcoming school year.

Pray for Ireland

We always pray for God to soften students' hearts to the gospel. The Lord is doing that on the Butler Lacrosse team, as many girls are eager to grow spiritually! Two girls in Jenny's discipleship group, Julia and Grace, lead a team Bible study. One of the first-year girls on the team, named Ireland, started joining virtually from a hospital bed after a serious injury. She is curious about what it means to follow Jesus. **Please pray for Ireland to discover the hope that only Jesus can offer and that the Holy Spirit opens her heart to Biblical truth.**

Summer Plans

This summer, we'll be at Ultimate Training Camp in May and then back home to lead a Bible study for Indy students in June and July. We'll also be working on our fundraising to stay fully funded and ready for another school year starting in August. Thank you for partnering with us. We can't do this ongoing work without your prayers and support!
