

SOUTHERN WISCONSIN

ERIK- SO AT UW MADISON

NYC *"God did some amazing things in my life and the lives of those I interacted with over spring break in NYC. **My relationship with God was revitalized.** Through sharing the gospel to students at Long Island University Brooklyn and listening to some great pastors/ speakers on the trip, I feel my heart burning for Him and for His kingdom. During the trip, we would continually pray for God to soften and prepare the hearts of students in NYC, and he delivered, and the Spirit influenced 11 people to give their lives to Him. That is just astonishing to me and I'm in awe of his power and how he can use us to reach many different people with many different backgrounds." -ERIK*

spring break trips

14 students from three "sensitive" countries went to Chicago with Bridges (our international student ministry) for three days. We had a Bible Discussion on Saturday covering Acts 8:26-40 and attended Moody Church on Sunday where the students heard the Gospel and were challenged with the Deity of Christ from Luke 5:17-26.

CHICAGO

TEXAS

LOGAN (FAR LEFT)

60 of our staff and students headed to Texas for Hurricane Harvey relief. We partnered with other college groups, mostly sororities, from around the country. The goal was also to share the gospel on the beaches and with the other non believing students on the trip.

Logan came to 4 Cru meetings before deciding to go to Texas. During the week, a group loaded up in the van to get ice cream. Logan was sitting next to Jordan (Cru staff) and he asked a lot of questions about what sharing looked like. **Logan hadn't heard of a relationship with God.** Jordan shared the gospel him right there in the van and Logan said he had never made the decision before. They all prayed with him in the van and Logan trusted Christ! Then Jordan told Logan this is what we are doing on the beaches in a few days! Nothing like jumping right into ministry as a new believer! We shared the gospel 227 times and 21 people accepted Christ.
