

Aug/Sept 2009

**PRAISES &  
PRAYER  
REQUESTS:**

- Praise God for the 25+ students that have been coming this year!
- Pray for our North Shore Fall Getaway (Oct.2-4). Our student leaders, Shaun & I have a faith goal of taking 52 people! We only had 20 come last year.
- Keep praying for Ed, Lynee, and Jamie as they are raising support to come here. They all hope to move here before next semester!

# From Shore to Shore

MINISTRY UPDATES FROM TRICIA KAVLE

*After almost 3 months... I'm back!*

This summer, I was gone longer than I have ever been: 2 1/2 months! It was difficult being away from Hawaii, which I really consider "home". But I loved my time of raising support, connecting with family & old friends and receiving official campus director's training with 160 others. Thank you for your support in me going!

I'm really excited to share with you the new changes this year! Not only are we at UH Manoa like we always have been but we have launched a new ministry at UH Hilo with my past co-director! There have been at least 20 students coming to EACH of our campuses' meetings, when just last year, we struggled to get 20 students at any one event.

My new co-leader, Shaun (see below), arrived the same day that I got back: August 10th. Since then, we started meeting to plan the year and before I knew it, we're in our 4th week of school! The school year is going really well. There are a lot of changes as we're striving to keep things simple since there are just 5 student leaders & 2 staff. We're desiring to work hard, draw in students but ultimately, trust God, not our own efforts, for who comes & what happens!

Things we're changing up:

- **Co-ed bible studies.** We moved from doing male/female studies to co-ed so we can invite anybody.
- **"Cruz", our daytime weekly meeting has moved to the daytime under a big tree at the campus center.** We hope this will help us draw in commuters & interest the many students that walk by our meetings.
- **"PODS".** We have so many students that want to be disciplined (trained & mentored to grow in their relationships with God) that we are going to start doing it in groups of 3 students. Shaun & I both are starting two pods this month.

Also, a huge event that has always helped us build our movement is Fall Getaway. We're taking a big step of faith by getting an actual camp, Camp Moku-leia, to hold it. We felt God gave us the number of 52 students to come.

Please pray that happens & that we're able to cast vision & align our students to our mission of reaching the lost at UH! The getaway is from Oct.2-4th. **Thank you for praying for us!!!!**

*Favorite memories from this summer . . .*

- (1) Fun support dinner that my good friend & past student, Grace, hosted for me. (2) Hanging out with Ed & Lynee in Sacramento. They're close to being done support raising! We hope they can be here by Dec.!(3) Spending time with Nich, my boyfriend and his family in Steamboat Springs, CO (4) All of the female campus directors from my region that went through training in CO together.

On left: Shaun & I in front of the 4 freshmen dorm towers & 25 students went night hiking with us the first week of school!
