

Nich & Tricia Beebee | April 2016 | Epic Movement  a ministry of CRU 

Our Spring Outreaches: Dinner Parties!

Once we came back from the Lunar New Year Vacation, we were finding it was hard to just find time with students, even the ones that were meeting with us weekly in the winter. It has felt discouraging to not have them be as responsive especially because we are trying to build up our group of 10+ current believers. But our whole team loves food and we love to have people over, so we decided to invite small group of students over for meals and there's been a lot more response! Please pray for more availability in our students as we try new things!

Committing for longer term and saying goodbyes this week . . .

We are now in the process of applying to live here for the next 3-5 years. Because Baby Boy is due in June, we can't attend the long-term training this summer, so we will return here for a THIRD YEAR Stint and hopefully in 2017, come back as ICS (International Campus Staff).

Two years has past and we are already seeing some fruit and addition, we have 5 men and 4 women applying to join our team this August!! What a huge praise to have more men than just Nich & Tosh! We will share more about them soon.

Sadly, we say goodbye to Ellim, Sarah, Bao & Jamie this week. They will all be heading back to America at the end of June. Pray for good endings and for the 5 women to stay united and carry out our ministry until the summer team comes June 17th.

Our last team outing at a Mongolian lamb feast on the outskirts of our city

Please pray for a successful appointment/ultrasound on April 16th and that there are no complications with flying home to have the baby! Thank you for praying for a doctor in America! We found one and see her on April 26th!!

Grateful for each of you,

NICH & Tricia
