Aloha Family and Friends!

Greetings from California where I'm spending some valuable time with my grandmother in Sacramento. I've had a great 10 days in the Bay area visiting friends, supporters and family and am doing the same here in Sacramento until June 21st.

In the past few weeks, I have shared with hundreds of people about my ministry in Hawaii and have been so encouraged by everyone, even in sympathizing about my dog Jordan who passed away in March. I really can't tell you how much your constant prayers and encouragement mean to me. It's always special for me to see people I haven't seen for a while and visit churches that have supporting me for years. It makes me want to be a part of your lives everyday but I guess we are not meant to be in the same place. God has great callings for each of us to support each other through!

Starting June 21st, I'll be heading off to Fort Collins, Colorado. Many of you know that we have a week-long conference at Colorado State University for all of the national staff of Campus Crusade in July. However, I'll be there 5 weeks earlier to attend a special campus director's training where I will be learning alongside 130+ other campus directors how to effectively lead and serve the Lord. This will be an amazing experience as I realize I have a lot to learn in leading staff and students. God has given me the great responsibility to direct a new team of 5 in Oahu with Shaun (from my last letter) and I desire to keep growing in my role. I also am eager to grow in knowing Christ and being in a beautiful outdoorsy place like CO often brings me closer to Him.

For campus director's training I am needing to raise special finances for my travel, on-campus housing, and food. The total amount I need is **\$4,350**. Also, in addition to this support, I have been working hard at raising an additional \$800 in monthly support that has dropped in the past few years. So far I have raised 20% but am still in need of \$600/monthly. **Would you consider increasing your monthly giving by \$10, \$25 or \$50/monthly? Or if you are not currently giving, would you consider pledging the amount of \$50 or \$100/monthly?** I am praying for 6 more people to give \$100 each. I am including my newest brochure and response card if you would like to give.

I appreciate you praying about this and praying for my summer. I will be in touch throughout the summer and I look forward to reporting what God does through my time in Colorado! *Love, Tricia*

Highlights from this month (From left to right): End-of-the-year celebration with this year's student leaders, finishing the Honolulu Duathlon in under 2 hours, going to my first SF Giants game with a dear friend from college, seeing my friends, Josh & Brittany, get married in HI, and reuniting with my mom, grandma and others at my cousin's wedding in CA.
