

February 2010

**PRAYER
REQUESTS:**

- Pray for Nich and I as we plan for a *strong* marriage and not just a beautiful wedding.
- Pray that God will give us wisdom on where we should live and have a bigger vision at what our lives could look like these first few years of marriage.
- There was a student who committed suicide by jumping from one of the towers on Feb 24th. Please pray for God's love to rest with his/her family & friends and with all those hurting in the dorms.
- Pray for our trip to Hilo!

MINISTRY UPDATES FROM TRICIA KAVLE

The biggest surprise of my life!

After dating almost a year and a half long distance between California and Hawaii, my boyfriend and I got engaged!!!!!!!

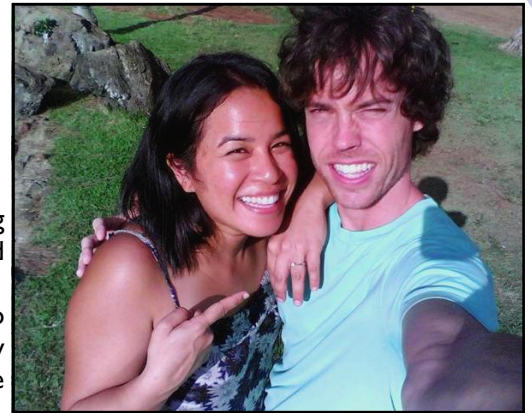

My wonderful now fiancé, Nich Beebe, who also serves on Campus Crusade staff at UC Irvine, flew out to Hawaii on January 29th to not only surprise me but to ask me to marry him and I said, "Of course!"

I've actually known Nich since I went on a STINT with Campus Crusade in 2002 to Kazakhstan. He was headed to East Asia with a different team and I introduced myself to him at a briefing we were at in May 2002. We were just acquaintances for the next 6 years until we led a summer team to Nagoya, Japan together. A month later, Nich asked if he could start getting to know me more. I had no idea what I felt but I thought, "It can't hurt and if it doesn't work out, we live an ocean apart!"

You might remember this picture from my newsletter in June '08! A week before the Nagoya, Japan, team briefing, Nich ended up being my co-leader and I had the best time leading with him!

For the whole engagement story, e-mail/call me!

But thankfully it has worked out and I'm so excited to be married to him! We would love your prayers as we're deciding what to do for our future. We are not sure where we will live. It's a difficult decision since both of us have invested 4-5 years in the places we are currently at. BUT we do know that we'd like to stay on staff and we're both passionate about reaching Asian-American students for Christ. We have hearts to do ministry overseas too.

I would love your prayers for us as we explore the options and even just set a wedding date. I'm reminded by God how important it is to set our marriage up well than just plan the immediate. I'm more of a details person than a big picture person so please pray that Jesus focuses my mind and heart on the right things. Pray that I'm reminded of God's holy, sovereign plans.

Spring Break Trip to Hilo!

We're planning on join students from Oahu, the Big Island and California to do a spring break to Hilo, HI, to help serve their community and give lift to our movements. It is on the eastern side of the Big Island and 216 miles from Honolulu. We'll be going from March 21-26th.

Right now we have about 40 students interested and we're praying that a lot of non-believers will want to go as the trip is more focused on serving the local Hawaiian community. **Please pray specifically for housing as we just found out today (Feb. 25th) that the church we were going to stay at fell through! Also, pray for us to raise all the finances we need (\$250/per person).**
