

kingdom come

MATTHEW 6:10

reaching east asia for christ

a BEEBEE MINISTRY UPDATE / JULY 2016 / EPIC MOVEMENT

Summer Team Update

Here is the Summer Team's first update: *"We did it! We made it through a full week of life here in-country. The first few days were honestly very tiring and grueling. From getting student ID cards to exchanging money, nothing seemed to go according to plan. We discovered that banks have odd operating hours and sometimes won't do certain things for reasons that are still somewhat unclear to us. Despite the setbacks, it has been wonderful watching our team bond and look out for one another."*

the East Asia Summer Team

Just in the past few days, we have been able to have over 30 spiritual conversations and God has even opened the door to share the Gospel already! We truly believe that God is leading us to the people he has for us to talk to, and we would ask for your prayers that our eyes would stay open and responsive to His leading."

Everyone is in good health and making brave choices whether it's in practicing the language, initiating with local students, learning to ride a bike or just sharing hard feelings with a friend. It has been inspiring to see everyone take steps of faith and courage! Please keep praying that we would rest securely in God's love and care for us. With love, the East Asia Summer Team"

East Asia Security Threats

Our National Leaders have decided to cancel the 2016 Mainland Staff Conference. Due to recent severe security threats and future repercussions on long-term ministry goals and development, the East Asia National Team has decided to cancel the 2016 Mainland Staff Conference.

The process of making this decision so close to the conference date has been long and arduous. On one hand, there is deep desire to have the opportunity to worship together and chart our national ministry development goals. On the other hand, there is also concern about the effect and impact on our long-term ministry if we do have this conference, that is, staff being questioned and even denied entry when coming back to East Asia.

Please be praying for the East Asia National Team that during these difficult times of uncertainty, that He will draw us into intimacy with Him. That we will continue to depend on Him to focus on the core basics of our ministry of Evangelism and Discipleship.

We appreciate you!! Love,

NICH & Tricia
