

NICH & TRICIA BEEBEE | OCTOBER 2012 | CRU  & the EPIC MOVEMENT 

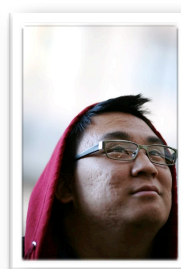

This year, we started with the biggest missional team we have had yet! It's been incredibly motivating to start the year off strategically planning and dependently following God's moving on the Southern California college campuses. We are starting to see God use our planning for His glory as we see many interested freshmen come to our table and our first events. At UC Irvine alone, we had over 30 students (many of them new) come to our board game night and nearly 50 at our first weekly meeting.

We would love to introduce you to the handful of amazing people we have the privilege to serve alongside:

The Leaders: (L-R) Larry, Tricia, and Nich

As you might remember, we both have been serving on the team as leaders since last fall with our dear friend Larry. Like us, Larry has ministered around the world and was in Japan the summer that we first got to know each other. He's been a huge encouragement to us both and we enjoy serving with him. One new change this month is that Tricia is transitioning out of the team leadership role to focus more on discipling staff and student women while taking care of Naomi - who is another crucial part of our team :) !

The Volunteers: Aaron (L), Nick (M) & Tim (R)

All Epic grads (as they were involved as college students, and Nich has known Aaron and Nick since they were freshmen) they lend experience, time and manpower to our team WHILE pursuing other career fields! It's amazing to see God directly use their experience as recent students to affect the younger generation.

The Interns: (L-R) Natalie, Daniel & Ryan

As much as our interns joke around, they do so much more than making coffee and copies for the team! They have truly stretched themselves as they have committed a full year or two to serve the Lord. Daniel is the campus leader at Long Beach, Natalie works with us at UCI and Ryan serves at his alma mater UC Riverside.

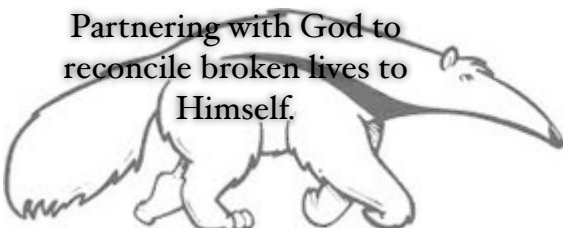

The Staff: Robbyn & Whitney

We have known these awesome women of God for the past 4+ years. They both interned for two years on this team and now Whitney (a UCI grad) has raised all of her financial support to be on Long Beach's campus full-time and Robbyn serves with us at UC Riverside part-time while working at a nearby coffee shop.

## OUR MISSION:

Partnering with God to reconcile broken lives to Himself.

## OUR VISION:

To see the lives of Asian American students reconciled by the Gospel of Christ, which empowers and equips them to a lifestyle of evangelism and discipleship, that impacts the world for God's glory.

We'd love your prayers as we continue to pursue students and help them come to know Jesus more. Our Fall Retreat with the other Epic Movements in Southern California is just around the corner (October 12-14th). We'd love your prayers that many students come so they are exposed to what it is to be refreshed and challenged by God and His Word.

NICH & Tricia

P.S. If you know ANY freshmen in the SoCal area that might be interested in getting involved in Epic, please e-mail or call us!
