“Connecting You with Ryan & Jungshin’s Journey Back to Japan!”

Dear Friends,

What do a former soldier, a newspaper reporter, and an advertising manager all have in common? Answer: they all attended Campus Crusade for Christ’s **New Staff Training** with us this month in Florida.

As you can see, most of the people training with us actually had other professions when God called them into full-time ministry. However, as one new staff member put it, they wanted to use those professional skills for something “more eternal.”

These successful men and women each counted the cost of obedience to God’s call. Some of them left the security of good jobs and comfortable homes to move their families across the country. But to them, seeing lives changed for Christ made it all worth it.

Now, they are reaching teachers in Guatemala with the **International School Project**; overseeing translation of the **JESUS Film** in Central and South America; bringing hope to broken homes with **FamilyLife** in Arkansas; and impacting baseball players with the gospel in Alaska through **Athletes in Action**.

Yes, God is doing great things in our world today, and we are excited to be a part of this global movement of His Spirit through Campus Crusade for Christ! We both came home from training with a renewed passion to keep building our team of ministry partners so we can return to Japan as quickly as possible.

For now, we’ve got three more weeks in Idaho before we head to Colorado for our last round of training. Please pray for good opportunities to share our ministry and share Jesus as we go. Yours in Christ,

Ryan & Jungshin
