

Thousand Hills Ministry

June 2015

Just getting started and halfway way there...

The second goat farm ~ Rejoicing in answered prayer

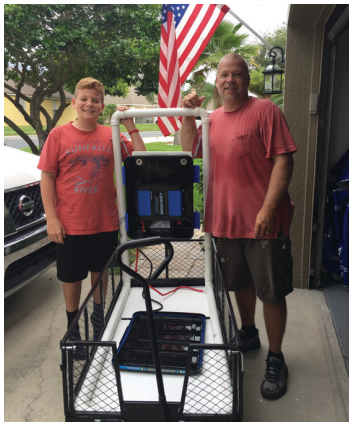

In March we asked you join us specifically to pray ~ That God will provide 300 goats for the church in Magauyave. Remember, this one herd will help support eight associated churches in Haiti?...

This month - Halfway there!

The church in Magauyave has been busy planting fountain grass, cutting tree branches for fence posts, and readying the fields as they scout for quality goats to build a solid foundation.

Thank you Jesus for your provision that grows our faith. All glory is yours! Amen

Ministry updates

Solar battery wagon is ready to take to Haiti. Josh and I spent some quality time together constructing the wagon and figuring out how best to suspend the inverter.

Next step- add batteries in Haiti.

It will pull water from the well, and power a grain grinder with battery power!

Unity celebration This month the church from Indianola, Iowa is sending a team to join the church in Lacienne - among many service projects, one highlight will be a memory-maker. Together they will host a joint outreach worship celebration for the area of Lacienne. Music and a Fellowship meal for all.

Hundreds will attend and see a unified church singing praises to Christ in English and Creole.

Grinding grains The leaders of the farming co-op have identified a tool needed to help their farmers become more efficient and profitable. An electric grain grinder (another use for the battery wagon).

Last month the leaders looked at several options, chose one, and it will be delivered this month. Praise!

Another example of a loving God providing for his children.

The new 40 acres creekside garden has been cleared of plants along the creek and banana trees have already been planted.

Teams needed to install irrigation systems. Join us on this journey of proclaiming Christ through gardening.

Rejoice in the Lord always. I will say it again, Rejoice!
