Seek and ye shall find...

This story is directly told from our on the ground staff, Zachary: Adiel Aristide and his wife's name is Ruth Rose Néhémie, he has a son with her, but he has children with so many other women in the area that he doesn't take care of them.

He was a voodoo priest for many years in Plesance, he says he was chosen by satanic spirits from his childhood, since that time he hadn't full control over his emotions, his feelings and his behavior in his young age he has built himself a shelter where people can meet him for diverse needs about black magic. He exercised mystical, killed people with magic, healed people from mystical sickness as well and bath of luck.

Once the church has planted here in Plesance it becomes difficult for him to work with the voodoo spirits, specifically when the church has worship services nothing can work in the voodoo shelter anymore, after many tries he realized that he must buy 3 cows to make a sacrifice to get the spirits back in the shelter, but no ways for that function since the church still stands near to him.

Adiel says he has been practicing voodoo for many years and that was never happen to any ceremony in the shelter he couldn't understand how that can be possible according to his mystical degree.

He thought that persecuting the church in return would be the only option for him to get rid of it in order to regain his voodoo spirits, then mystically he has attacked the church one first time, and a second time, unfortunately he cannot use any bad spirits against the church.

One time there was worship service in the church and he came suddenly in front of the stage looking carefully the worship leader, it seemed that he tried to disturbed the service, 5 minutes after, he felt a big fire over his head so he couldn't resist, he cried for help but no one could see the fire, he still cried for help until he lost consciousness. After the service he became conscious and he was asking people what happened to him - God of that church is the strongest, he concluded.

Two weeks after that Event, He ask himself why do not try Jesus that everyone talk about. Why do not finally give my life to Christ after several thoughts he decides to accept Jesus in become member of the church in Plesance, Pastor Louimons Jean-Baptiste, and other leaders from the church went to his house, prayed with the family and burned all the voodoo tools, after baptize, he becomes free from all the voodoo laws and engagement, for God glory.
