

THOUSAND HILLS

Ministry

June 2018

Recall with us last month - our June mission team committed to raise not only financial resources for their upcoming mission work (12K,) but also the additional finances needed to put on the new roof for the Lacienne school that blew off in a recent storm; the new total was \$17K!

What had been raised to date when the additional need was added, only \$6k. You can do the math... we were short, and getting shorter...

Our home church said a BIG YES to stepping out in faith and trusted God to provide what was needed and the additional roof cost.

God moved, **big time!**

In just 2 weeks, after stepping out in faith, God provided **double the request!!! WOW!**

What was built with the 34K you ask? Trust in our Heavenly Father. Faith in the **purposeful love** of God that He has a plan, a plan for His glory and our good!

*Thank you partners
The THM team*

Tangible items built:

- Hired Haitian men to install a roof on the school
- Purchased all the materials to construct a fence around the farm, and pay the workers!
- Constructing 3 new classrooms on the seminary
- Provided several months of salary for the seminary teachers

God blew off a school roof and built trust!

Purposeful love

Building trust and a roof

Sightings of God at work...

Encouraging leaders

As we partner with the church leaders in Haiti it brings them much encouragement. We bring with us some of the resources required for ministry and most importantly, members of the church to work alongside them. This partnership encourages the leaders that they are not in this alone. Purposeful God sending His children to support their ministries and the body is strengthened to fight the good fight, physically and

spiritually! Outreach ministries like VBS and medical care.

VBS

Vacation bible school in the states is a staple summertime activity for US families. Picture the scene... you are carpooling with your kids, neighbors kids or small group for VBS, drop the kiddos off for a few hours then drive back to pick them up. In Haiti there is no carpooling or

drop off line, there is no car, nope, the children walk to church, some walk for miles 3, 4 or 5 miles! Reaching children in a far off geographical area the VBS is not just for children it is also part of the local church strategy reaching many and planting 100 churches!

Medical Care

Caring for the sick, teaching wellness and praying for people as they come through the clinic a visit with Dr. Mark builds physical health and spiritual health, too. The church leaders on hand meet with people from the community and tell them about Christ.

The medical clinic is also part of the church planting strategy. Identifying communities of people and building relationships with leaders.

Thank you for all your support and prayers. We can't do this without YOU!

All gifts are tax-deductible and should be made payable to:
