Ministry Update

Hurricane

Irma & Maria

No major damage has been reported in any of the ministry structures or farms within our partnership of churches. Great news!

Third large farm

THM launched our third large scale goat farm, built to manage 200+ goats) in Grand Ravine this summer.

Now, we need goats!

We have over 100 families that need a goat to produce offspring to sell for school tuition.

These two beautiful girls are paying school tuition for their as a result

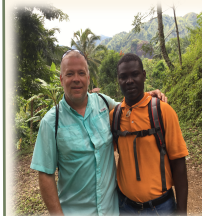

\$100 buys a goat for one family

It's a boy

My friend Donson and his wife have had several late term miscarriages over the past many years. Each one heartbreaking.

Donson informed me that "God gave me a boy!"

Praise God for this long awaited blessing.

Seminary Kickoff - Year three

Thousand Hills Ministry is committed to serving Haitian pastors, seminary students and their families, encouraging them with direct ministry support and tools to source income locally that assist them to teach and show Christ and his love; imparting our collective talents to strengthen and encourage the body of Christ, to bring fruitful ministries and eternal change.

How many chickens?

About 100-chickens are being transported on a scooter, as this crop of birds are being sold to a regular buyer, and at a couple hundred chickens each month!

People call him "Junior, the Jesus chicken man!"

We think that a wonderful name.

Yams

We have already begun to expand the farms which will soon grow and support the leadership training center & seminary.

THM purchased thousands of yams for the seminary students to begin planting in the field. Yams and bananas by the thousands will eventually grow and be sold to support the seminary

Seminary Leadership

The leadership team of the seminary has asked me to share with our partners a critical need they have next month.

Bananas and yams are growing but they need direct support next month to pay for food and teachers salaries. Can you help today?

Students

Many of the churches and church plants within our partnership have schools to meet the educational needs of the communities they serve.

More families are now able to help pay for a larger percentage of their child's education as the goat program matures in Lacienne, Maguayave and now in Grand Ravine.

In rural Haiti, goats are a practical resource used to strengthen the church and equip the church to source income locally.

GIVE the multiplying gift of a goat for CHRISTMAS

You can give a life changing gift to those on your list...

Give a goat in their name. Your gift toward the purchase of a female goat will equip a Haitian family with a multiplying resource. Future goats are sold to send their child to a Christian school.
