Ministry

April 2019

## Seminary Update

Seminary growth

A ministry partner of THM is currently raising financial resources to build a leadership conference center for the seminary.

Praising God!

The conference center will accommodate large groups (approx 100) for training, and also serve as a much needed cafeteria for the students. Oh,,, and a new indoor kitchen too!

Thank you Palmcroft church!

Jobs

Constructing the new conference center will employ Haitian men. Men like Smitty.

Smitty is a Pastor of a church in Bethany and also a student at the seminary.

Smitty is a skilled carpenter and among the many men of the church that will be employed to construct their new conference center.

Take a trip and join Smitty labor in love for the Glory of God!

The church in action

THM will be sending a forty-foot container filled with supplies to help complete the current seminary building, as well as building supplies for the new conference center.

Thank you!!! God is faithful

- To those who gave to pay all the shipping costs
- To those who have donated all the office and school supplies needed, and books, too
- To those who bought items online and shipped to THM

## My first missions trip

Traveling to Haiti in February 2019 was my very first formal mission trip. I strive to live a life that represents Christ wherever I am and I pray to be made aware of the opportunities given to me right where I am. That being said, I did not feel a pull or nudging from God to actually go. For me, to participate in an organized mission trip meant being prepared to work every day of the trip. My drive to go and participate in this trip was confirmed when I learned of the opportunity to participate in the medical clinic.

After arriving in Haiti, it was evident that plans the team had made, would not necessarily be carried out due to circumstances out of our control. But it was also evident that God has always been in control and he was not surprised by anything. It was a privilege to see the leaders that Thousand Hills Ministry is working

alongside. It was clear that their focus is to glorify God in all they do and to keep Christ the center of their work. I am thankful that THM has the desire and ability to strengthen Haitian church leaders so that their community can see them leading, teaching, and disciplining – not us. Jesus tells us to go and make disciples. This has a multiplication effect, and the disciples make disciples.

Corissa & Steph

THM is doing just that. I now see why THM does not want to get involved in something that will collapse if they leave. Strengthened local Christ following leaders who

give glory to God in all they do is biblically sound.

Participating in this mission trip opened my eyes too many things, but one of the main things was the value of encouragement. We had the opportunity to encourage the people we interacted with by just being there. Really! Encouragement to not lose faith and to continue to trust in Christ our Savior.

I saw that there are more economic development opportunities that can expand to benefit even more people, that takes time to develop and trained leaders to problem solve. But along this journey, encouragement is a precious gift my presence provided.

I am confident that THM will continue to do great things through Christ who gives them strength.
