

# THOUSAND HILLS

Ministry

July 2018

Praise God for all the encouragement and support THM and our partners have provided the church in Haiti. Support like a worship center, seminary, goat farms, land, water tanks and irrigation systems, new roofs, textbooks and computers, poultry houses, cattle and solar

systems. Praise God indeed. All this provision would stand worthless without Christ following leaders!

This month we are spotlighting two leaders we will invest in through your support.

THANK YOU  
THM TEAM

Pastor Orales and his wife Nadage with their family. They both serve the church faithfully full-time and are raising a family. They are expecting their fifth child in August.

Pastor Orales and his wife want to get back into a business she had prior to moving to Lacieune ten years ago. Nadage would make peanut butter and sell it.

Financial resources and the demands of a Pastors wife, while raising a family prevented them from starting the grinding business in Lacieune.

The church has had a major influence in the area and many new farms have started.

Their family will grow peanuts and buy additional from the local farmers, make butter, sell it and support their family doing ministry.

***\$2k buys a grinder and supplies***

Ever come home from work and find a pile of chores staring you in the face? I'm sure you know the scene, Haiti is no different. Nadage tirelessly works serving mission teams, cleaning the ministry house every day. Here, Sofie and Dani serve Nadage by washing all her dishes and putting them away. Beautiful smiles girls and what a gift for Nadage to come home from work and rest her swollen feet.

Pastor Orales has a two acre family garden were they grow peanuts and other crops to feed and support their family. Our team helped pull weeds.

This was a ***huge blessing***, supporting those who serve.

## INVESTING IN LEADERS

Tool Shed

ELLIE

5,000 gallon irrigation tank

### A HEART FOR GOD

Ellie is a vital part of the church in Lacienne. He is the evangelist, youth teacher, co-manager of the farms, and chief masonry of construction.

He sleeps on the roof of the ministry house in a tin shed that is built to store the garden tools.

\$2k is needed to build a three room block house where the shed is, see photo above.

Invest in God's people. PLEASE help Ellie.

Mark your gift "Ellie-house".

### THE WALL IS ALMOST COMPLETED

BIG THANK YOU to our home church and ministry partners LifePoint church! LifePoint raised all the financial resource for the crew to build a wall! No, not Pink Floyd's wall, the FARM wall. Goats and farms go together but the goats need supervision, it doesn't take long for a couple of goats to chow down a farm. Like literally it takes only seconds... these kids, yikes!

The wall protects the church gardens from stray goats, roaming cows and even cute little donkeys, aww...

### CHURCH FARM

All the pieces are in place for the church leaders in Lacienne to take full advantage of the land on the ministry campus. Their third farm now bearing fruit.

Food to be given to families in critical need and also to sell which will support the ministry.

Our last team pitched in and pulled weeds on a couple of acres of land.

Pullings weed from land that will grow food and used to feed hungry people. Yep, this weed pulling brings lots of joy!

Thank you for all your support and prayers. We can't do this without YOU!

All gifts are tax-deductible and should be made payable to:
