## Ministry

Feb 2018

I traveled to Haiti in February to meet with the leaders of the projects we support.

The first floor of the seminary building is getting so close to being completed. The flooring and interior walls are completed and doors and bathroom fixtures will be completed next month. Praise God!

This means that the students will now have more classrooms space and the long awaited library.

Pastor Wiljean and I are standing in the new classroom and the library is behind us.

The computer equipment, furniture and text books are now there to

support this exciting expansion. Just waiting for the doors.

The students are sooo excited and thankful for the blessing to have text books and computers to study from.

The ministry has a new mac daddy tractor. What a huge blessing. Local farmers pay the ministry a fee to come plow their fields. Income generated from this helps support the seminary.

The church in action, here and all around the world for the glory of Christ. Amen!

*Serving CHRIST with you,  
the staff at THM*

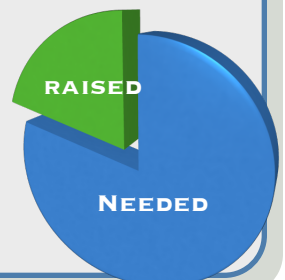

### Missions trip

- We need 15 people in Oct to help build the seminary
- Dates TBD
  - \$1,350 pp
  - includes roundtrip air to Haiti from Florida
  - call and we can talk details 407-399-8406

### Seminary Building

God has provided through our partners over \$25,000 to construct the seminary.

We still need \$110,000 to complete.  
Join us in praying for the completion this year.

## CLEAN DRINKING WATER ~ SUPPORTING HEALTH AND MINISTRY

It's a divine story how Dan and I met. When a partner of THM followed God's prompting on his heart in a conversation he was having with a man he didn't even know. Our partner thought about THM when the then stranger mentioned his water purification systems. Introductions, ideas, and creativity birthed a visit to Haiti and a partnership was born. Ministry happens in relationships (and conversations with strangers) thankful for my dear friend and THM partner, Larry, for keeping THM on your heart radar and for trusting God's movement.

Dan and I spent 5 days in Haiti testing water and surveying locations for water purification systems. The purification systems not only provides clean water for the people of Haiti, but also provides an income stream for the ministry. It is very common for people in Haiti to buy clean water if it is available.

Many ministries provide wells for people to get water, and that is so needed, however the water is not purified. This ministry will provide clean water and bringing health to Haiti through the church.

### SUMMER TRIP FOR BREE

Last summer I went to Haiti, being there I sensed God in a fresh way. This summer I have committed to return to Haiti and work alongside the church as we share the gospel during the VBS for nearly 350 children! Would you consider to partner with me to return to Haiti? Your prayers and financial support will be greatly appreciated. Thank you for being part of the great commission and for setting-up my young heart to see God in His work.

### CHURCH PERSECUTED

Moise Toussant is the Director of Student Life at the seminary and part of his role is to teach English. This month his home was shot-up by thugs and Moises and his new bride of one month had to flee their home!

Thank you THM partners for helping him secure safe housing for the year!

### THANK YOU

Thank you for all your support and prayers. We can't do this without YOU! All gifts are tax-deductible and should be made payable to: Thousand Hills Ministry, PO BOX 950030 Lake Mary, FL 32795
