PROJECT CARACOL
CHURCH OF THE REDEEMER

TRUTH GRACE

"I praise Him for choosing a (simple) man like me. He put me in Caracol to work for Him and I praise Him for what He is doing." Pastor Payot

WITHOUT ANY DOUBT THERE REALLY IS NOTHING IMPOSSIBLE WITH GOD

Excitement in the community of Caracol is growing as the new worship center is starting to take form. The walls are up and the Haitian construction crew is getting ready to pour the floor. Join us

February 14-22 as we go "RAISE THE ROOF!" We need 7 more people to work alongside our friends to install the rafters and metal roof. No construction experience necessary. A willing heart and a smile... well maybe the desire to cut boards or move supplies, other than that, we can use you! Oh, something might need to be painted or assembled then....

Serving Christ,

brian

News from the field

Hinche church farm

Go Haiti go

The agricultural committee has secured approval from the Government to commercially grow/sell produce. PTL! That's huge...

Sharing God's gift

The agricultural committee in the church has a vision of sharing. **ALL families & gardens have water!** This compassionate vision changed the placement of the first well from the farm to a central location. Their first well (of many, God willing) in the village will expand the distribution of water to the farm **AND** as many family gardens and farms as the first well will produce. Sharing their well & water they were given **AND Jesus** with everyone. To whom much is given, much is expected.

Poultry farmers

Junior and Fenet are both doing very well. Junior now has two poultry houses and Fenet completed his first harvest. The need for locally grown chickens has never been higher! The Haitian Gov. has **restricted** (by 50%) the importation of chickens from the Dominican Republic. Go Haiti! woohoo

Sowing & Reaping...

we are...
