... truly we are not unlike other parents... Kathy and I are proud of our children and how God is growing and using them. As we end another school year there is much to reflect upon and be thankful.

Joshua COMPLETED his first year of middle school and a filled and fulfilling year it was. Highlights for Joshua include being a member of the school 'praise band'. Encouraged by one of his classmates to try the drums Josh realized he enjoyed the art and quickly caught-on. Playing drums in the

academy's weekly chapel was a treat for Joshua and pushed him to excel in other areas as he became a leader and known as the drummer of 'the band'. Josh also

enjoyed playing soccer on the academy team. He played defender and even found himself from time to time in the net playing goal keeper.

Coming off the heels of homeschool Bree had no trouble diving into the hands-on classroom scene. Being a student in a small community like the academy allowed Bree to make friends quickly. Keeping pace in honors classes and an elite soccer schedule complete with national travel kept Bree engaged and driven. Principals Honor Roll and identified as a top rated soccer player in the Southeast are just 2 of her accolades. Looking ahead to high school... while athletics are so natural for Bree the club soccer arena does not allow time for high school sports. Please pray for Bree as she pilots her options and makes decisions that will launch her into her college career. (I know, I know... she is just a freshman in high school, but the hs platform is the beginning of college academic/athletic scholarships. Thank you for praying.

Zac completes 10th grade majoring in Honors world history we are so proud of him. His interest in world history and current events are maturing him right before our eyes. He is growing in wisdom and stature and at 6' he is taller than me. Zac again enjoyed the aquatics

arena, a starter on the varsity water polo team, they had a winning season and advanced all the way to the state finals! It was a great run, the team lost at states but won at relationships. God is so good! When Zac started high school Kathy was concerned about relationships for Zac. Right from the beginning God provided the aquatic teams which have continuity in athletes from swimming season to water polo season. This fostered sound relationships for Zac many of whom are Christians! God caring for the mommy heart and for Zac, his child. While public school can be scary God asks us to walk by faith and to TRUST Him, so we go in all corners of His big world and find joy in Him in big and small things.

Thank you for all your support and prayers. We can't do this without YOU!
