JUNE 2014

If you pour yourself out for the hungry and satisfy the desire of the afflicted, then shall your light rise in the darkness and your gloom be as the noonday. Isaiah 58:10

It is not what we do...

rather what a sovereign God chooses to do through us.

Lives being changed! Together we have been the hands and feet of Christ. Bringing jobs, training, medical care, hope... all underlined by love.

Men like Lilian (pic above) has a job working on the Lacienne farm, sharing with his boys and other men in his village, what the biblical mandate for caring for the poor looks like. Men locking arms, working together to help the afflicted. Many lights rising in the darkness. Men of the church in Haiti are leveraging the tools God has provided through us: (Worship center, wells, solar power, land, goats, medical care, chicken houses) to satisfy the needs of the afflicted and hungry in their villages.

Empowering the saints to be agents of development, change, makers of disciples.

Junior and Fenet, the agricultural students who are working their way through Christian college with the chicken houses provided last year are doing very well. Fenet has employed several men to work with him while he is at school. Junior is the largest poultry farmer in Limbe. They are encouraging other christian agricultural students to pray; pray for God to provide them with development tools that transform.

WE are praying to equip even more Haitian leaders like Lilian, Junior and Fenet. Join us.

CARACOL & LACIENNE

Breathing in the fragrance of God at work.

July missions ~ Fourteen have said YES to the church of Lacienne and what a team! We have been planning and preparing to join the amazing families in Lacienne and together we will be constructing a goat shelter, teach classes on biblically based business principals, goat husbandry, and farming techniques.

Shade Tree Clinic ~ We will provide medical care for the village. A Haitian doctor will be assisted by three US nurses to provide health care while the church shares the Gospel at the affectionately named *Shade Tree Clinic*. The team is equipped to treat adults, pre-natal care, well checks for the school children and babies.

People not projects ~ The men of the church are designing and building their own shelter. Making decisions themselves that effect the community around them. This is huge! The goal is to see people restored to being what God created them to be: people who understand that they are created in the image of God with gifts, abilities, and capacity to make decisions and to effect change in their village. The men get another opportunity to steward; resources, relationships and gifts in order to bring glory to God! The missionaries... we get the joy of giving and to join them in God's work of restoration! Oh.. and the joy of digging fence-post holes too...

Thank you for all your support and prayers. We can't do this without YOU!

All gifts are tax-deductible and should be made payable to:
