

Ministry Update for the Browns  
January 2022

JESUS IS...SO I WILL....

One thing students got to do was fill out a card that said "Jesus is.....so I will...." they had the opportunity to think about who Jesus is to them, and how that will inform their lives in 2022. As we debriefed with our students, one girl, Rebekah from University of Lynchburg, confessed that she felt insecure praying to God, and several students echoed that sentiment. I'm hoping to put together a Lynchburg-wide prayer group and take students through topics like intercession, lectio divina and praying through Scripture!

*We hope the desire to pray together extends beyond BWC!*

## DOWNTOWN WITH THE BROWNS

### TIME HONORED TRADITION: BALTIMORE WINTER CONFERENCE

Happy New Year to you all! We hope your 2022 will be a blessed year of growth in and reliance upon the Lord!

Once again, after Christmas we traveled to Baltimore to help staff the Baltimore Winter Conference. Here are a few things that God did through the students there!

**Students worshiped our King Jesus together.** If you'd like to keep singing the songs you can find them [on Spotify](#). **Students were challenged by the Word of God** as our speakers called us to a life more in line with the scriptures through dynamic speakers like Darryl Smith, Rachel Gilson, and Eric Rivera.

In addition, there were seminars every day on every subject from how to have a quiet time to how to develop oral Bible studies for unreached people groups.

*Our former TL from Boston, Tammy McLeod, teaching on ambiguous loss during one of the seminars*

Students gave \$183,290 to help individuals who have been displaced as a result of the turmoil in Afghanistan and to provide a critical computer lab for boys who have been rescued from slavery in Ghana's fishing trade.

If you want to check out any of the session from any location you can view those now at the Winter Conference website under "[locations](#)". Just select the location you'd like to view and click "Watch Now".

*Students from Lynchburg area schools at BWC*

### INCREDIBLE NEWS!!!

We first applied to become a student group at Liberty 4 years ago and were denied. We decided the time was right to try again last semester and I'm pleased to announce we are now official! Now students will be able to find Cru at Liberty. We also have the ability to table, book rooms, receive funding and much more. Join us in thanking God for this news. We believe God will use this new status for great things! We are already seeing growth with over 50 students at our first meeting!

### PRAY FOR THE BROWNS

- Praise God for what he did at BWC! Pray that the things students learned would have lasting, lifelong impact.
- Pray for the start of the semester for our six schools and three high schools!
- Pray for students who have Covid, that they would heal quickly.
- Our GO20 trip to the Middle East was canceled. Please pray that we would land on godly decisions in the aftermath of figuring out what to do next!

*Sing to the LORD a new song, for he has done marvelous things; his right hand and his holy arm have worked salvation for him. - Psalm 98:1*

Happy New Year to you and yours! Love, Andrew, Jena, Olivia, Logan and Samuel
