

# Cru High School Los Angeles

The Month of February

Dear Friends and Family,

I hope this message finds you well. This month has been tough. Thankfully, God always works through our pain and used it to remind me what it truly means to trust Him. Thank you for your continued prayer!

## Jordan High School

As many of you all know, we had a student come to our winter camp and accept Christ. In my last newsletter, I shared you the story of his miraculous conversion. Even though I have already shared a portion of his story, I would like to update you all with his follow up.

After Federico left Fastbreak, he reentered the world where he was still a kid in the Crips gang. By a slip of his tongue, his crew found out that he was a Christian. This made them absolutely furious and they threatened to kill him and his family. Following that encounter he began to pray to the Lord for him to have an opportunity to leave the gang and for his families safety.

Eventually, they called Freddy to the park so they could "talk to him". Once there, his leader stated that Freddy couldn't be a Crip anymore because his life wasn't bad enough. This was followed by every person sharing their testimony. Amazed with this turn of events, he explained that he had also had a rough life from attempted suicide to being homeless. Despite his fears, he shared his faith for the first time with those who had threatened his life.

After this, he went on to apologize to every person that he had wronged claiming that Jesus had changed his life and he wanted to do the same for others .

*"No weapon that is fashioned against you shall succeed, and you shall confute every tongue that rises against you in judgment. This is the heritage of the servants of the LORD and their vindication from me, declares the LORD."*

- Isaiah 54:17

*"Though I walk in the midst of trouble, you preserve my life; you stretch out your hand against the wrath of my enemies, and your right hand delivers me."*

- Psalm 138:7

## The Mission Today

By God's grace, we have been able to share the Gospel with hundreds of students. Since our arrival in September, God has used this ministry to bring over forty students to Christ. I can now say that living in Long Beach has been one of the most fulfilling adventures that I have ever experienced as I get to see God working miracles every day.

Not only is God working, but I am quite busy as well! This month, I am averaging seven Bible studies a week. Not to mention the outreaches, staff meetings, and church. Unfortunately, I am still in the process of raising support. This greatly takes away from my time that I could use to be on campus. Would you join me in prayer for fellow believers that would financially stand with us in this mission or even to increase your own giving? By your gifts, I am able to continue working, and sharing the Gospel with a community that desperately needs it. Thank you again for your continued prayers and support. God Bless!

*P.S. Since I am consistently in prayer for you, please let me know if there is a specific need that you need answered. Feel free to message me or call me at any time!!*
