

...even if your exiled people are at the farthest horizon, I will gather them..." Nehemiah 1:9

## Would you please pray for East Asia?

It's almost here! For ten months we've been praying for this summer project. For five months we've been planning. And now it's finally time to get on the plane. Soon we'll be in the midst of (literally) hundreds of thousands of college students in one of the most influential cities in East Asia with opportunities to share Christ with many who have never heard about Him. We need your prayers of faith!

Would you consider praying daily for one request? Please post this on your refrigerator and pray for us each morning (which will be evening for us =)).

**Week 1 (May 17-23)** Ask God for our team to adapt to the new culture quickly and to seek Him during the transition. Pray for a healthy environment of encouragement, faith, and big vision for what God could do this summer.

**Week 2 (May 24-30)** Pray for Cammie, Sarah K, Sarah C, Faith, Sonia, and Se-in (students) that God would deepen their love for Him and grow their dependence on Him. We would love for them to open up with each other quickly and really love each other well this summer.

**Week 3 (May 31-June 6)** Ask God to bless our first big outreach this Friday. Pray that we would meet **50 East Asian college students whom God has prepared to trust Jesus this summer**. Please ask Him to teach us to love students as He does and to communicate the gospel clearly.

**Week 4 (June 7-13)** Pray for Nathan, Chris, Kyle, Tim, Morgan, Danny, Andrew, Ben, and Luke (students) that God would strengthen their relationship with Him. We want them to encourage one another and sharpen each other's faith.

**Week 5 (June 14-20)** Pray for our staff team (left) Casey, Tim & Aubrey (and their boys Caleb, Charlie, and Eli) and us—that we would emotionally refreshed and spiritually energized in order to pour into our students and lead them well. One of our goals as a staff team is to grow in our understanding of prayer and our hunger for it.

**Week 6 (June 21-27)** Pray for our second big outreach party this Friday. Our goal this time is to introduce all our new friends to other Christians on their campus and to the long-term staff team. **Pray for those new in the faith to get plugged in to community and begin being**

**discipled.** Our hope is that some of those who come to Christ this summer would take the gospel to unreached people all over Asia.

**Week 7 (June 28-4)** Ask God to start vibrant Christian movements at the 8 college campuses we've been ministering on—that they would last long after we leave.

**Week 8 (June 5-7)** Pray for our project participants to gain a love for this nation and decide to return for a 1-year STINT after they graduate. Ask God to use the ministry skills they have learned to help build God's Kingdom on their American campuses this fall.

### Personal Requests from Felicity

- Please pray that I would look to Jesus when things go wrong or not as planned. I want to learn from those times, trust that God is sovereign, and move on rejoicing.
- Pray that I would connect well with the women on project and value them more than ministry results.

### Personal Requests from Joe

- Please pray that I would be able to lead Felicity well as both a husband and as the project director. We've been learning how to balance the roles of being spouses and co-workers at the same time.
- That I would seek God for wisdom in leading our team and handling the project's finances.
