Dear Friend,

We were truly blessed with great times of fellowship at our senior sending ceremony and spring camp.

Thank you for praying for our graduating seniors' commissioning and spring camp. Both were absolutely rich times of fellowship, sharing memories as well as hopes for the new semester. Please do continue to pray. Many details for the new school year are still undecided. The camp was amazing for building a closer community, and now I hope we can function well together to reach the campuses in Tokyo with God's love.

Amanda and Hilary from UCLA learned some Japanese etiquette as we got to know 3 returnees from Orange County at Sophia University

I was reminded this past week how God directs us and provides the right opportunities to represent him. A team came from UCLA (thankfully one staff member shares my alma mater, USC) during their spring break to experience ministry in Tokyo. I was so blessed by their presence. It was extremely refreshing to go out on campus in a group and really feel like we were working together. A couple of the girls and I were having trouble finding students who were free to talk. Another girl on the team noticed and pointed out a table in the cafeteria we didn't see. It turned out that all three students sitting together there had lived in Orange County during high school. Not only was their English perfect, but they were friendly and excited to talk with us.

Through the ease of getting to know those ladies, Kanako, Rin, and Sakiko, as well as the joy of working with the team from UCLA, I saw God's power to orchestrate everything. Please pray that our staff and students will continue to bond and work effectively together. Please also pray for the returnees from abroad, foreign exchange students, and others that God will bring us together with for the purpose of spreading His kingdom.

In Christ,

Christina
