

Real Life BOSTON

“Hi,

In January, we hosted a great conference for students from around the Northeast. My favorite part: going out with Cindy from Harvard to talk with people in Mattapan about their spiritual journey and point them toward Jesus Christ. Here's a newsletter with some more information about the conference.

Thanks for your continued support,

A handwritten signature in black ink that reads "Brian". The letters are fluid and connected, with a long, sweeping underline for the letter 'B'.
