

## 3...2...1...

This may seem like a call to prepare for launch, but it actually has nothing to do with a spaceship or outer space. 3...2...1... actually reflects the month of October for us as we continue on the Ministry Partner Development trail. October has been a busy month and we are thrilled to share about this past month of ministry with you.

**3...** This number represents the **three states** that we have been through in the last month: New York, Pennsylvania, and New Jersey. In each of these states we have been able to present our ministry to individuals and churches. The number three is actually also the same number of churches we have spoken at in the last month. As a result of speaking in three different churches, we have become a lot more comfortable speaking in front of people!

**2...** This number represents the **two missions conferences** we participated in this month. October 10th through October 14th we were the candidates for a missions conference at a church in Webster, NY. October 14th through October 17th we participated in the missions conference of our home church in Elizabethtown, PA. Both of these conferences were a blessing to us as God has used other people to encourage us in both our faith and our calling to our ministry with Campus Crusade.

**1...** This number represents to us that our wonderful **God has continued to be the one** that has remained faithful and has blessed us this month beyond what we could ever imagine. God has consistently taught us lessons in patience, trust, and contentment this month. Each day is a new opportunity to trust God and see Him take care of us as His children. We are constantly learning what it means to fully rely on God.

## An Encouraging Quote:

"Enjoy the pilgrimage of making friends." This was said to us by a long-time missionary concerning the process of Ministry Partner Development. We were reminded that God has given us this time of Ministry Partner Development to develop and nurture the friendships in our lives.

## Prayer Requests:

- For continued diligence and wisdom in finding the people and churches God has chosen for us to share our ministry—especially since we will be moving back to Rochester—it's almost as if we are starting the process all over again.
- As we prepare to move from Elizabethtown to Rochester in less than two weeks (Nov. 10th)! Also, note that our address to the right has changed. We will be living with family when we move back to Rochester.
