Food delivery due to covid was a unique way to show the love of Jesus to these athletes.

Quarantined in their dorms far from family was how I found a number of athletes who had tested positive for Covid at the end of July. I got to be a part of caring for their very real physical needs with food! Praise the Lord that everyone recovered well. I also want to praise God because, through your generosity, these students got to experience Christians caring for them in a very real way. Some of these guys I hadn't met before—but this meeting was short and very socially distant of course—but I'm trusting that God will use this to allow us to minister to their spiritual needs as well. *Thank you to those who got the email and responded with both prayer and donations to help care for these guys.* We were able to feed them well!

3 1/2 Months of Prayer. Before Covid hit, I asked you to pray with me daily and I saw God open doors that I couldn't believe! So, I'm planning three and a half months of concentrated prayer again this semester. Would you join me by taking either a day a week, a day a month, or choosing a few days between September 1st and December 10th? I will send out a sign up via email or you can just email me directly. *I truly believe that the real work of ministry is prayer.* God then does more than we could imagine and we get to go along for the ride! I'll be sending out a text each morning to those praying that day with specific requests for students, teams, events, etc. Thanks for being a part of this with us. We are looking forward to seeing God work in unique ways and open doors in different teams, athletic departments, campuses, and especially in the hearts of individuals!

LOOK TO
THE LORD
AND HIS
STRENGTH;
SEEK HIS
FACE
ALWAYS.

1 Chronicles 16:11

A personal prayer request:

I (Dan) have been dealing with some pretty significant pain over the past year. It got worse about 6 months ago. I thought it was just back pain. However, I found out it is a kidney problem. So...the doctor scheduled me for kidney surgery and it was supposed to happen this week! Due to Covid numbers the surgery has been postponed however.

Would you pray for the surgery to get rescheduled soon, for it to go well, and for a quick recovery?

I've been told that, if you are going to have kidney surgery, this is the one to have. But it is still surgery! If anyone one wants more detail feel free to call! Thanks for your prayer support through this!
