The nine of us at Winter Conference —
Apologies to Christian and Jameson for the terrible photo shop! 😊

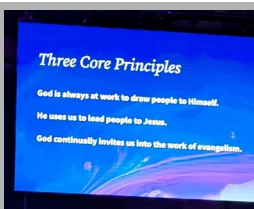

Winter Conference: We are already experiencing the positive effects!

Getting athletes to give up some of their short break to attend a Christian winter conference is not easy! But God moved and seven of our students showed up to Winter Conference! They got challenged to think and live Biblically. They went out and shared their faith. And they were challenged to consider going on a mission trip this year. We are already seeing the impact of the trip in the lives of those students back in S.A.

I would love to send you one of the talks by author and Penn State professor, Heather Holleman. She wrote the book “Sent.” Her talk was on our identity as Sent Ones. Sent people live by 3 core principles:

- 1) Got is always at work to draw people to himself.
- 2) He uses us to lead people to Jesus. And 3) God continually invites us into the work of evangelism.

Please email me if you’d like the link. It is worth the listen!

The main session the last night. It was pretty amazing to worship together with 1000 college students!

A fun disc golf outing during the conference to the second oldest course in the state—it was one student’s first time out. Good times!

God works through prayer! Of that I’m sure. Thank you for lifting us up! Here are some specific requests:

- 1) AIA San Antonio is going on two different missions trips to Puerto Rico this year—one over Spring Break and one in May. (I’ll be on the one in May!) Would you pray that our students would sign up and be able to go? We are trusting God for a minimum of 4 student athletes going this year.
- 2) A coach just made a decision for Christ. Would you pray for Alex!?!? Pray for lots of growth this year for him.
- 3) Praise for the momentum in San Antonio. Pray for many more to come to know Jesus

Check out the SATXAIA Instagram for a clip from Daryl Smith, the last speaker at the conference. So good!
www.instagram.com/satxaia/ And as usual I have a new video out giving a little more detail in the
“Story Behind the Story”: www.dananddeann.com/video
