### Is disc golf a real sport?

Turns out its not just a real sport but the second fastest growing sport in the country with professional players earning millions of dollars in winnings and endorsements! Not only that but there are currently over 10 million players.

I'm talking about disc golf and here's why! A few weeks ago I was able to be a part of the first ever AIA- led training of professional disc golfers. In this training, we teach five principles which are described as "the Gospel applied to sport, experienced through sport and spoken in the language of sport." The goal was that these 15 pro disc golfers would be able to glorify God on tour and influence their fellow players and their fans for Jesus.

The number six ranked player on tour said

*"I can't wait to see what happens when these principles permeate the pro tour."*

We are excited about the opportunities for evangelism, discipleship, chaplaincy, etc. in this context. The ministry is at the beginning stage with a lot of buy-in from current pros and some up and coming younger players. Please pray for wisdom and fruit!

**Here's a big prayer request:** For the past month Rod (a local pastor) and I have been prayer walking at St. Mary's University. Next week there is a group of AIA staff from around the country coming to San Antonio to help us launch ministries on a number of different campuses around town. St. Mary's is just one of them. Would you be praying with us that God would open doors for starting movements of evangelism and discipleship on these campuses? It is compelling to think that many might hear the gospel because of this!!

*Some of the pro disc golfers going through training.*

*The St. Mary's bell tower on the left. Rod, my prayer walking partner, on the right.*

**Another video is up!** This is a reminder that I'll be posting "the story behind the story" at [www.dananddeann.com/videos](http://www.dananddeann.com/videos). This month's video is up! If you missed last month's video, no worries! You can still watch it at the same link!

We are so grateful for your partnership with us! Thanks for impacting students' lives!!!
