

Notes from Dan and DeAnn

San Antonio Area Campuses

(210) 612-9335 www.dananddeann.com Jun 9, 2021

Normalcy is returning.
Praise the Lord!

Got some great things happening this summer. Would love your prayers as we minister this summer and prepare for the fall.

First: We are helping run classes for our staff's theological development. This summer Dan is leading the team of TA's and helping TA one of the new staff classes. Please pray that our staff would be more prepared to minister well after these courses.

Second: With an organization in town that is reaching out to the poorer areas of downtown some of the UTSA basketball team and I will be helping put on a basketball camp on the 12th. This is the first time some of the efforts we've been making with the team are moving toward impact outside of the team. We believe that this is one of the benefits of working with athletes—they have such a platform that can be used to reach and minister to others. Pray that nothing would get in the way of this happening this Saturday.

Third: Please pray that we'd have many open doors with different teams this fall. This past year has been obviously very difficult—especially to launch new works. We are trusting God to be set up for launching well this fall. Please pray for the different teams at UTSA and Trinity University in particular.

FBCSA & STILL WATER CAMPS
Are Partnering To Host...

The Pandemic Beard!

A resource for men:

The White River Rendezvous was a conference that I (Dan) wanted to go to for ten years. I finally was able to attend with a couple of my co-laborers in AIA. David English spoke on the stages of a man's life. I would really recommend his content. You can hear some of his content here: <https://davidenglish.com/listen/>
