Wrapping up another year. Thank you for being a part of so many great happenings!

There have been so many things happening this semester that it's hard to fit everything into one newsletter. From pastor's panels, to spring break missions trips, to end of the year baptisms we have seen God at work.

One of my favorite stories this year is JC coming to faith in Christ. It began with attending church and AIA, then getting a Bible, making a decision to follow Christ, and ultimately being baptized as a public declaration of

First ever AIA men's time at the end of the semester. Included some manly activities and smash burgers and diving deep into the Word.

her faith (picture on left). It has been amazing to watch, especially because student leaders intentionally cared for and discipled her along the way. Praise the Lord!

One bittersweet part of this summer is saying goodbye to the Mitchells as they head back to Nebraska after more than two years of fruitful ministry. They will be deeply missed, but we are thankful for the leaders God has raised up during this season and are trusting Him for continued growth in the ministry ahead.

Please pray with us toward that end!

Prayer Request: Our summer assignment is to serve as chaplain for one of our AIA baseball teams — something I've never done before. Please pray for open hearts among the players and for wisdom as we teach, encourage, and point them to Jesus throughout the summer.
